Features & Benefits

1. Compact, simple design for use in most applications with limited space.
2. Easy "PUSH-PULL" Coupling; One touch "push-pull" coupling mechanism for easy, accurate and quick connection using the connector housing.
3. Polarization; the connector has a Five-key system that only allows correct coupling. Ideal for blind mate situations
4. High density; Due to the small design of the "push-pull" mechanism, multi-installation of connectors is possible.
5. Cost Saving; Low cost solution, but top quality product. RoHS approved. Manufactured to ISO 9001:2000
