

## Trelleborg Bonded Seals

Newtown

### Scope of Project:

#### Relocation of machines (including M&E Services)

Isolate and disconnect mechanical and electrical services from 5 No presses and one extruder, relocate using jacks, skates, fork lift trucks and lifting tackle.

Reinstall mechanical and electrical services in a different location and reconnect machines.

Trelleborg Bonded Seals part of the Trelleborg Group - a global engineering group whose leading positions are based on advanced polymer technology and in-depth applications know-how. The Group develops high-performance solutions that seal, damp and protect in demanding industrial environments.
