

**Ultravac® 150 Tabletop  
Single Chamber Vacuum  
Packaging Machine (with  
built-in vacuum pump)**

Description
-------------

<b>Ultravac® Model 150 Tabletop Single Chamber Vacuum Packaging Machine with built-in rugged 0.4kW (12m<sup>3</sup>/h) Vacuum Pump.</b>
---

Designed with small processors, restaurants and supermarkets in mind, the Ultravac® 150 helps smaller operations realise the benefits of vacuum packaging. Its small footprint of less than two square feet makes it an ideal choice for users who have limited counter space. And, the Ultravac 150 is efficient with cycle times of less than 35 seconds (depending on product).

Our smallest vacuum packaging machine yet, the Ultravac 150 takes less than 0.2m<sup>2</sup> (15" x 18") of valuable counter space, while allowing for various sized products to be sealed.

**Standard Features:**

- 12m<sup>3</sup>/hr vacuum pump
- Removable sealing bar
- Water resistant digital control panel
- 3.5mm wide band seal
- Cut wire
- One year warranty

**Specifications:**

- **Machine Dimensions:** 457mm long x 381mm wide x 686mm maximum height. **Net Weight:** 53kg
- **Working Height:** 406mm
- **Seal Bar Length:** 300mm
- **Machine Speed:** Actual speed varies depending on products and desired vacuum levels
- **Chamber Width:** 381mm **Chamber Length:** 356mm **Chamber Depth:** 145mm
- **Vacuum Pump:** 0.4kW (0.5 horsepower) – 12m<sup>3</sup>/hr
- **Electrical Requirements:** 220/240V 50Hz 1-ph, 12amps
