

Single Black Cleats

- GCA Ltd single Graphicleats provide cheap, non-corrodible single bolt fixings for cables up to 60mm.
- GCA Ltd single graphicleats are made specifically with 10mm bolt holes for use in the cellular and radio transmitting industry. Additional material has been added between jaws of cleats to eliminate crushing the cable if over-tightening occurs.
- Single Graphicleats BW0.7-10, BW1.2-10, BW1.4-10, BW2.0-10, BW2.25-10, BW2.5-10 can all be used with rubber inserts.

Part Number	Colour	A	B	C	D	Weight	Pack Qty	Box Qty
