

Single-phase  
and three-phase  
UPS

# MASTERYS BC

from 8 to 20 kVA

for critical IT and industrial applications

## The ideal protection

- Tailored for medium-sized businesses.
- Advantages of advanced technology.

## An excellent size/power/back-up time ratio

- Well suited for sensitive professional applications.
- Suitable for protection in IT environments due to the scope of the back-up time and the possibility of installation in 19" rack cabinets.

## Tailored to your environment

- Easy to install.
- Easy to handle (fitted with castors).
- Unique to the market with its highly compact size.
- Can even be installed in existing 19" rack cabinets.
- Flexible back-up times: different back-up time configurations are available either within the UPS standard cabinet or by using taller UPS cabinets, without changing the floor space (W = 444, D = 795 mm).
- Power and availability (redundancy) can be extended by placing up to 2 units in parallel [\[Info. p. 101\]](#).
- Combi Concept: BC108 and BC110 models are compatible with single or three-phase inputs, which can be configured during installation.
- Fitted with an alphanumeric LCD display.
- EXPERT BATTERY SYSTEM for battery management.
- Protection against backfeed on the upstream network (internal or external backfeed).
- Separate rectifier supply and bypass networks for 3/1 models.

The MASTERYS BC series is certified by TÜV SÜD with regard to product safety (EN 62040-1-1)

## Standard equipment

- RS 232 / 485 serial port.
- 2 slots for interfaces.

## Accessories

- Parallel kit.
- 19" rack kit.
- Power share (load shedding connectors).
- Integrated maintenance bypass with separate supply networks.
- External maintenance bypass.
- Isolation transformer.

## Communication options

- Remote access panel.
- ADC interface (configurable dry contacts).
- **UNI VISION PRO** software to manage connected applications and control automatic shutdowns. Serial cable included [[Info. p. 93](#)].
- **NET VISION** interface WEB/SNMP manager for connecting the UPS to the Ethernet network [[Info. p. 93](#)].

## Remote maintenance

- **T.SERVICE** for continuous monitoring of **MASTERYS** via the SOCOMEC UPS maintenance service [[Info. p. 110](#)].
