

Single-phase
UPS

NETYS PL

550 and 750 VA

a multi-socket UPS to make all your connections easier

An innovative solution

- A compact design, it integrates a larger number of sockets adapted to IT environments, facilitating connection.
- A modern design that can be installed on the floor or on a desk, or also be mounted to the wall.

Protection adapted to meet all your needs

- 5 or 6 output sockets (5 british standard, 6 italian / schuko or french standard) for easy distribution directly to your applications:
 - 4 sockets protected against power cuts and over voltages, aimed at your most sensitive applications (central systems, monitors). The back-up time, able to last up to 30 minutes, enables a standard PC configuration to be saved.
 - 2 sockets (1 for BS) protected against over voltages alone for use with less critical applications (1 200 VA) and high absorption consumers (laser printers).

Protection for your phone line

- Protection for the telephone / modem / ADSL line (RJ11 connector) against the risk of on-line overvoltage.

Easy to use

- Operating mode indicated by means of the mimic panel connected to the status indicator lights and the **UNI VISION** communication software.
- Easy battery maintenance (user replaceable).

HIGH
FREQUENCY UPS

2 YEAR GUARANTEE

NETYS 038 B 1 CAT

Your protection
for

- > PC: LCD or CRT monitors, scanners, printers, etc.
- > Cash registers
- > Interactive terminals

Connections

1. Filtered output sockets
2. Inverter output sockets
3. Input socket and fuse
4. Telephone / modem line protections

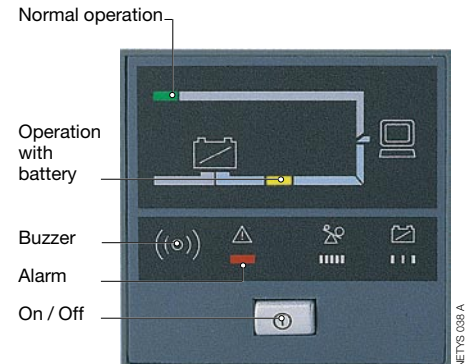

5. RS232 / USB serial port
6. Battery replacement flap
7. Bracket for wall mounting

Technical data

| MODELS | NETYS PL 550 | NETYS PL 750 |
|-----------------------------|--|---------------------|
| ITEM CODE | NET550F-PL | NET750F-PL |
| UPS power | 550 VA (330 W) | 750 VA (450 W) |
| Power (surge) | 1 200 VA | 1 200 VA |
| Input | 230 V (170 ÷ 260 V) ; 50 / 60 Hz with automatic selection | |
| Output | 230 V nominal ; 50 / 60 Hz | |
| Output socket | 6 sockets: n° 4 UPS and n° 2 surge (over voltage) | |
| Telephone protection | telephone line / modem / ADSL input / output: RJ11 | |
| BATTERIES | | |
| Type | sealed lead-acid maintenance free - expected life 3 / 5 years | |
| Back-up time ⁽¹⁾ | 20 min. | 30 min. |
