

# Happy Christmas from Boost Labcare!

We have a very busy month ahead of us before enjoying the Christmas holiday. We are moving into bigger offices next door, to accommodate new staff in the New Year and allow plans for expansion in 2016.

Thank you to all our customers and we wish you a prosperous New Year!

## Boost Friday

### 10% Discount on the IUL Range

It's that time of year when we launch our December 10% off promotion on all IUL equipment and consumables.

This year, in addition to our December discount, the Euro rate is the best we have seen, meaning staggering discounts across the full range.

Don't miss out on these fantastic prices because the manufacturer prices increase in 2016 and this Euro rate will be held for a limited time only.
