Introduction

Theatre equipment specialist Anetic Aid offers a high quality range of electro-surgical accessories. All of the items are designed and produced to ISO quality assured systems using the latest materials and manufacturing methods. Our mission statement is:

'To manufacture and market operating theatre equipment to the highest standards of materials, workmanship, innovation and after sales servicing and support; to understand our customers, their needs and moreover the solution'.

Electro-Surgical Accessories

Following this policy we have developed product ranges and aspects of these products which are unique to Anetic Aid. The products compiled in this brochure reflect our on-going commitment to these principles.

Compatibility

Compatible with most Electro-Surgical units including Eschmann, Valleylab, Erbe and G.U.

Guarantee

Designed and manufactured in the U.K. all products are made to documented quality control procedures, individually batch numbered and CE marked. Reliability and quality come guaranteed.

Quality Materials

Manufactured to the highest specification of materials, silicone cables, stainless steel components and tough nylon coatings ensure that each product is of top quality, reliable and autoclavable to 134°C.

After Sales Service

Our qualified sales team are constantly available for consultations.

Bipolar & Monopolar Accessories

Bipolar Forceps

Ref No.	Description
33010	Bipolar Forceps, str 80mm
33011	Bipolar Forceps, str 110mm
33012	Bipolar Forceps, str 150mm
33013	Bipolar Forceps, str 200mm
33014	Bipolar Forceps, str 250mm
33015	Bipolar Forceps, bayonet 200mm

Monopolar Cables

Ref No.	Description
33020	Active Monopolar Cables with 4mm Plug
33021	Active Monopolar Cables with 8mm Jack Plug
33022	Active Handles

Electrodes & Fingerswitches: Re-usable

Re-usable Fingerswitch

Ref No.	Description
33030	Fingerswitch, 3 Metre Cable with 3 Pin Plug and Standard Blade Electrode

Features include:

- Ergonomic Design
- Push Button Controls, Positive Action
- Quality, High Specification Materials
- Manufactured to Quality Assured Systems
- Guaranteed for 50 Autoclave Cycles
- Compatible with existing makes of generator

Re-usable Blade Electrodes

Ref No.	Description
33035	Standard Blade Straight (Pack of Five)
33036	Standard Blade Straight 100mm Extended
33037	Standard Blade Straight 150mm Extended
33038	Standard Blade Straight 200mm Extended

Re-usable Needle Electrodes

Ref No.	Description
33040	Standard Needle Straight (Pack of Five)
33041	Standard Needle Straight 100mm Extended
33042	Standard Needle Straight 150mm Extended
33043	Standard Needle Insulated (2mm Tip Exposed)

Re-usable Ball Electrodes

Ref No.	Description
33050	Coagulation Ball 4.2mm Straight (Pack of Five)
33051	Coagulation Ball 8mm Straight
33052	Coagulation Ball 4.2mm Straight 100mm Extended
33053	Coagulation Ball 8mm Straight 100mm Extended

Re-usable Loop Electrodes

Ref No.	Description
33060	Standard Loop 3mm
33061	Standard Loop 6mm
33062	Standard Loop 10mm
33063	Standard Loop 15mm
33070	Cervical Excision Loop 12mm
33071	Cervical Excision Loop 15mm
33072	Cervical Excision Loop 20mm
33073	Cervical Excision Loop 25mm
33080	Cartier Loop 6mm x 7mm
33081	Cartier Loop 10mm x 12mm

Smoke Evacuation

Ref No.	Description
33300	Disposable Smoke Evacuation Tube set (yellow) for use with the disposable fingerswitch (pack of 25)
33310	Disposable Smoke Evacuation Tube Set (Blue) for use with the re-usable fingerswitch (pack of 25)
33320	Disposable Shroud 70mm (pack of 25)
33330	Disposable Shroud 100mm (pack of 25)
33340	Disposable Shroud 150mm (pack of 25)

Footswitches - Single & Double

Footswitches

Ref No.	Description
33090	Single Footswitch, Blue (Eschmann Machines)
33091	Single Footswitch, Yellow (Eschmann Machines)
33092	Single Footswitch, White (Eschmann Machines)
33093	Double Footswitch (Eschmann Machines)
33094	Double Footswitch (Valleylab Machines)
33095	Double Footswitch (Erbe Machines)

Features Include:

- Smooth exterior for ease of cleaning
- Non-slip base
- Specially designed upper surface and all round contours assist activation of pedal
- Colour coded for ease of recognition
- Waterproof design

Plate Cables & M.I.S Cables

Plate Cables

Ref No.	Description
33100	Adhesive Plate Connector, Three Metre Cable with 6mm Jack Plug
33102	Adhesive Plate Connector, Three Metre Cable with Adjustable Two-Pin Plug.
33104	Adhesive Plate Connector, Three Metre Cable with Two-Pin Socket.

M.I.S. Cables

Ref No.	Description
33110	Snare Cables, 3mm Socket, 4mm Plug
33111	Snare Cables, 3mm Socket, 8mm Bovie
33112	Snare Cables, 4mm Socket, 4mm Plug
33113	Snare Cables, 4mm Socket, 8mm Bovie
33114	Wolf Resectoscope Cables, 4mm Socket
33115	Wolf Resectoscope Cables, 8mm Bovie
33116	Stortz Resectoscope Cables, 4mm Plug
33117	Stortz Resectoscope Cables, 8mm Bovie
33118	Olympus Resectoscope Cables, 4mm Plug
33119	Olympus Resectoscope Cables, 8mm Bovie

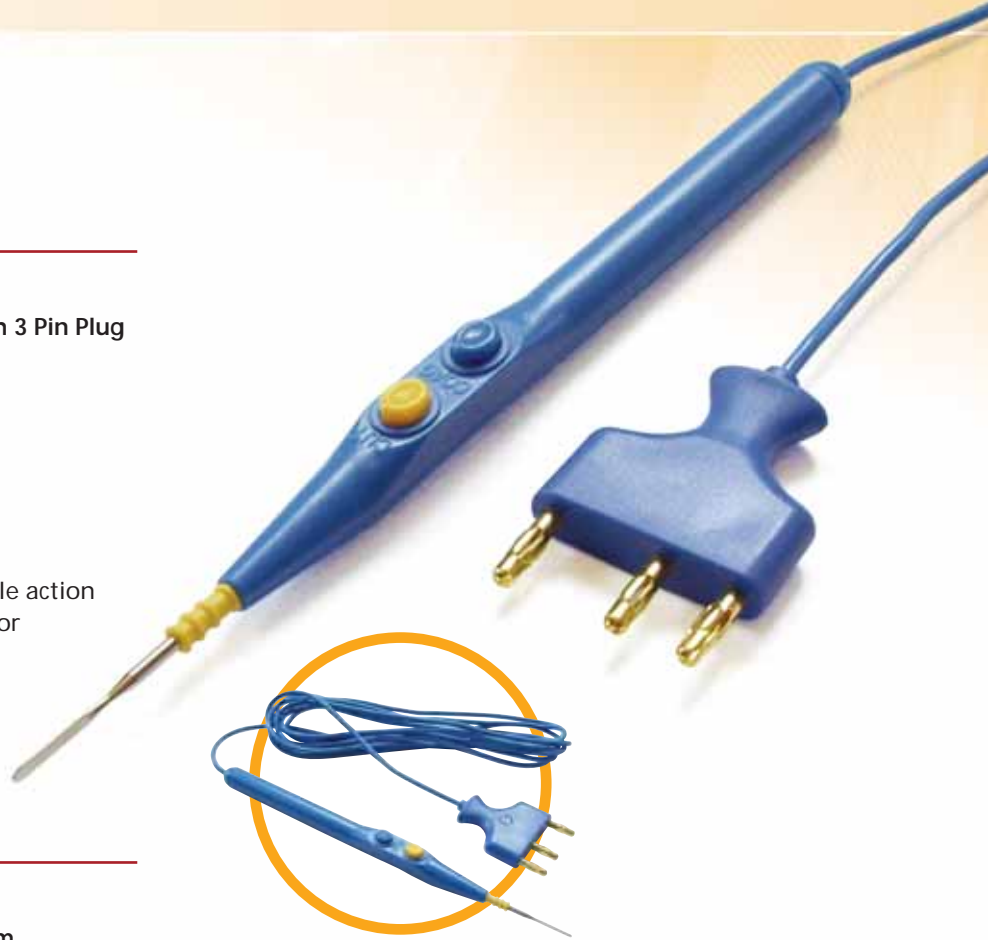

Single Use Electro-Surgical Accessories

Single Use Fingerswitches

Ref No.	Description
33200	Fingerswitch, 3 Metre Cable with 3 Pin Plug and Standard Blade Electrode

Features include:

- Sterile - ready for use
- Ergonomic design - slim and lightweight
- Quality - High specification materials
- Optional switch position - positive but gentle action
- Compatible with existing makes of generator
- Competitive rates

Single Use Blade Electrodes

Ref No.	Description
33250	Disposable Blade Electrode 70mm (Box of 10)
33255	Disposable Blade Electrode 150mm (Box of 10)

Single Use Needle Electrodes

Ref No.	Description
33265	Disposable Needle Electrode 70mm (Box of 10)

Single Use Ball Electrodes

Ref No.	Description
33275	Disposable Ball Electrode 4.0mm, 70mm (Box of 10)
33280	Disposable Ball Electrode 4.0mm, 130mm (Box of 10)

Single Use Electro-Surgical Accessories

Single Use Bipolar Forceps

Ref No.	Description
33350	Bipolar Forceps, str 80mm
33360	Bipolar Forceps, str 110mm
33370	Bipolar Forceps, str 150mm
33380	Bipolar Forceps, str 200mm
33390	Bipolar Forceps, bayonet 200mm

Single Use Monopolar Forceps

Features include:

- Sterile - ready for use
- High specification of materials
- Compatible with existing makes of generator
- Manufactured to quality assured systems
- Competitive rates

Ref No.	Description
33400	Adson Dia Forceps Serr 130mm
33405	Adson Dia Forceps 1/2 Teeth 130mm
33410	Gillies Dia Diss Forceps 1/2 Teeth 150mm
33415	McIndoe Dia Diss Forceps Serr 150mm
33420	Dia Diss Forceps Serr 150mm
33425	Dia Diss Forceps Serr 180mm
33430	Dia Diss Forceps Serr 200mm
33435	Dia Diss Forceps Serr 230mm
33440	Dia Diss Forceps 1/2 Teeth 150mm
33445	Dia Diss Forceps 1/2 Teeth 180mm
33450	Dia Diss Forceps 1/2 Teeth 200mm
33455	Dia Diss Forceps 1/2 Teeth 230mm
33460	Waugh Dia Forceps Serr 200mm
33465	Waugh Dia Forceps 1/2 Teeth 200mm

Adaptors & Tagging Accessories

Adaptors

- Allows for interchangeable cables
- Compatible with existing makes of generator

Ref No.	Description
33130	8mm Plug (Bovie) to 4mm Socket
33131	Two 4mm Plugs to ML Plug Socket (Lemo Interchangeable)
33132	Lemo Plugs to Two 4mm Sockets
33135	Fingerswitch to Eschmann TD300 or Downs Diadon

Tagging

- Fits all cables
- Assists with Safety Warnings SN9815 (MBA)
- Simple but effective marking system (after auto claving)
- SN can be etched on space provided

Ref No.	Description
33140	Tagging Device (with tie wrap)

Surgical Instruments & Accessories
