

Guest Call Titan Pro System

Customer Paging System for Simple Queue Management

Presented in a space-saving modular stack the Titan Pro Pager System is an economical addition to any venue.

With simple easy to change advertising inserts and batteries that are user replaceable Titan Pro Guest Paging is a low maintenance pager option. With an easy viewable LED number display and an IP54 rating Titan Pro is a dust & splash resistant pager solution.

A Guest Call Titan Pro Paging System will transform the way you communicate with your customers. Guest Call Titan Pro allows you to efficiently contact customers wherever they are located in your facility.

Hand a Guest Call Titan Pro pager to waiting customers and allow them to relax whilst waiting for service.

You can add pagers to existing stacks or add charging bases as required, all managed from a single transmitter. Titan Pro pagers can be programmed to vibrate, beep and flash and the advertising panel can be updated to promote specialised events and functions.
