

Euro cabinet system

Strong steel storage cabinet system for tough environments.

The Euro cabinet system is a versatile range of steel work cabinets which combine to form complete working layouts.

Individual cabinets are detailed on the pages 155-158

This page shows 'easy order' popular combinations as examples.

Constructed from 18 and 20swg steel sheet

Lever lock handles with 2 rods locking top and bottom, 2 keys.

Drawers on ball bearing runners, 25kg capacity

Individual drawers in combination units lockable.

7 & 8 drawer cabinets lockable as unit

Powder coated finish, grey cabinets, blue doors and drawer fronts, other colours on request

Flammable Liquids Storage

All cabinets meet the requirements of the Highly Flammable and Liquefied Petroleum Gases Regulations 1972 (Section 5 Part D), The Health and Safety Executive Guide HS(G)51 1990 and the Factory Inspectorate Certificate of Approval No 1 Parts 3 and 4. The maximum volume of any flammable liquid with a flashpoint below 32°C that may be stored in a flame resistant cabinet within a workroom is 50 litres (regardless of the total capacity of the storage cabinet).

Reinforced doors
Door vents in pesticide/chemical cabinets prevent build-up of fumes
Lever handles and two rod locking and 2 keys
Shelf trays have punched drain holes to allow any spillages to drain into base sump
Shelf trays are adjustable to a 25mm pitch
Removable sump collects any spillages and permits convenient removal.

Zamba Bolted Shelving

Zamba light Duty Bolted Shelving

Shelving for Office Workshop or Home

Made in the UK, this product is basic but high quality. Legs benefit from rolled, safe edges, as do the front edges of the shelves.

- 27Kg UDL per level
- Strong Bolted steel construction
- Made with carbon neutral electricity
- Choice of galvanised or black powder coated finish
- 4 and 5 tier have 2 piece uprights
- Other sizes available

Zamba Medium Duty Bolted Shelving

Zamba Supreme, medium duty shelving is a quality shelving system offering 75Kg UDL capacity per level. The system has rolled safety edges and corner braces for stability. Grey powder coated finish (other colours by special order)

Zamba Heavy Duty Bolted Shelving

Zamba Medway, heavy duty shelving offers 100Kg per level with traditional bracing and uprights. Grey powder coated finish (other colours by special order)

Zamba Twin Slot Shelving

Zamba Twin Slot Shelving

Zamba twin slot follows a tradition of making robust wall mounted shelving in the UK. These packs come complete with 2 uprights, 3 shelves, 6 adjustable brackets and 6 spring rod book ends. Standard units are painted white, with black and grey available to order. Special lengths of shelf and upright are also available as are a variety of accessories, including presentation shelves and board fixing clips. Just ask your dealer for Zamba twin slot shelving.

Zamba Twinslot Shelving

Twin slot shelving components will take a minimum load of 100Kg per shelf level.

Medium / Heavy Duty Boltless Frame Units

Mighty Shelving Units

These easy build units are ideal for offices and stock rooms and come flat packed with two piece legs. They can be built without tools but a rubber mallet can be used when required. Medium duty units use strong 8mm thick high density shelves and heavy duty units use 12mm shelf boards for additional strength.

Medium Duty Bench Unit

This low cost bench is suitable for packing and light assembly tasks. The unit is flat packed and can be assembled in minutes with just a few bolts if you wish to use the stability bracing.

Essential Office Lever Arch Unit

This powder coated unit is ideal for storage of standard lever arch filing boxes and has deeper beams at the rear to prevent boxes pushing through. A 5 tier unit is assembled from a 2 and a 3 tier unit for flexibility. The units should either be bolted back to back or against a suitable wall.

Zamba Light Industrial Shelving

Ideal for stock rooms, office archives and other light duty, industrial applications, this shelving comes in 450 and 600mm deep bays as standard and can be supplied 1.2m, 1.5m and 1.8m long. Specials can be manufactured to order as required.

Zamba light industrial is available in grey as standard but can also be supplied in black and white by special order and depending on quantity. Developed from our standard Mighty frame units, this product has new patent applied for features to enable much higher loads to be carried. The product is supplied in component form and is most economical for small to medium sized projects, where light goods such as shoes and clothing are stored away from mechanical handling equipment.

The shelving is easy to build and can be assembled with a tap from a rubber mallet to create a stable bay. Always ask for the best price on Zamba Light Industrial Shelving.
