TEK 1000

Anti-cut glove

SENSITIVE & DEXTEROUS

CUT LEVEL 4 with the *feel touch*

These gloves are among the best cut resistant gloves in the market today, they are comfortable to wear, without the restrictive finger movement that some gloves have, Also they possess the " *feel touch*", in other words, feeling with your fingers the products you are working on.

TEK 1000 is a five-finger cut resistant knitted glove with a fine dark grey coating on the palm and on the fingers.

- The TEK 1000 is a Seamless Gloves made with a combination of engineered yarns that incorporate Dyneema®. and coated fibreglass fibers, this combination offer its users the highest degree of protection against cuts, combined with a low weight and excellent wearing characteristics.
- The TEK1000 was conceived to give protection against serious injury, the product is a highly protective glove, offering protection against serious cuts in industry and daily use as well, it is an ideal product for handling sharp metals, blades, knives, glass etc,
- The glove can also be washed and packed for cleanroom conditions,

TEK 1000 is available in 5 sizes:
XS , S , M , L , XL
