Terms & Conditions Of Sale

VAT: All quoted prices EXCLUDE VAT which will be added at rate ruling at date of invoice.

Payment: Strictly, nett 30 days from invoice date approved open credit account only. Deposit with order required on some equipment. Details on application.

Prices: Every effort will be made to keep prices firm, but we reserve the right to vary them without notice.

Dimensions: All dimensions stated are offered as a guide only and should be treated as 'nominal'.

Credit Surcharge: Sums, which are overdue and have not been paid by the end of the month of the invoice, will be surcharged at the rate of 1.5% [compound] per calendar month or part of calendar month thereafter.

Title: Title to the goods does not pass to the purchaser until the account is settled in full. Risk passes to the purchaser on delivery.

Quality: We use the most suitable materials for the intended purpose of the article. It is not our policy to vary quality but we reserve the right to use alternative material when we consider it suitable or necessary.

Packing: Free, except any wood cases or specially requested materials, which are charged at cost.

Non-Delivery/Damage: If goods are not received within 10 days from date of invoice we must be notified immediately in writing otherwise no responsibility can be accepted. Damage or Part Delivery must be advised within 3 days of receipt.

Returns: No goods can be accepted for credit without written permission from the Company. A 25% handling and re-stocking charge will be applied to all credit notes covering returned goods, plus carriage where applicable. Returns will only be accepted on goods received back in saleable condition. This condition does not apply where there is a justifiable complaint relating to the quality of the goods supplied.

Above are extracts from the Conditions of Sales of the company
Full conditions of sale are available on request.

Prices exclude carriage and VAT
All major credit cards accepted

Welcome to our new style 2010 Cricket Catalogue...

Here you will find the highest quality selection of netting, ground and club equipment to get your season off to a great start.

Alongside manufacturing our unique knotless high quality polypropylene cricket netting we offer the complete portfolio of ground and club equipment necessary for cricket clubs of all levels, from local teams up to Counties, for both practice and match days.

Our acclaimed knotless netting is available in standard or custom sizes in a range of colours including white, black, light and dark green. The material is fully weather proofed, strong, yet soft and light to handle. As well as manufacturing and supplying nets for outdoor use we also manufacture, supply and install indoor netting; installed by our own specialist technicians who will survey and manage the complete cricket and protection net project for you (see the centre pages of this catalogue).

All the products within this catalogue, as well as special offers, can be browsed and purchased from our e-shop online at www.huckcricket.co.uk. Alternatively you can contact our knowledgeable and helpful Sports Division team by phone on 01308 425100, fax 01308 458109, email sales@huckcricket.co.uk.

At Huck we are constantly striving to serve you better and to provide you with all the equipment you need for the cricket season. As a result of suggestions already received we have this year introduced an **Anti Vermin Skirt** (see page 5) for adding to new and existing practice bays. If you find that we are not stocking something that you need please do let us know.

ICC Development
Program - Europe

International Cricket Council
(ICC) Europe Official Supplier

Specialist Indoor Netting Systems

www.huckcricket.co.uk

sales@huckcricket.co.uk

Fully installed specialist Indoor Cricket
Netting and Trackway systems

Specialist Indoor Netting Systems

A key service provided by Huck Nets is the manufacture, supply and installation of indoor sports hall and cricket ground net facilities.

- Full supply and installation service
- Experienced installation technicians
- Free site surveys and quotations
- New design and facility lay-out advice
- Servicing department offers service check visits
- New projects or replacement equipment
- Renovation service for existing installations
- All materials to BS Standards
- Lighting [lux ratings] advice available

Whether it is a new installation or refurbishment of an existing netting system we can provide you with everything you need for the project. Our specialist installation technicians will survey, design, cost and manage the complete project for you. With over 30 years of successful installations behind us you can be assured that your project will be in safe hands...

We have installations UK & Worldwide. Our many satisfied clients are a testament to our reputation...

A few recent installations in the UK:

- @Futsal Centres, Swindon & Cardiff
- Thomas Alleyne's High School, Staffordshire
- Loretto School, Scotland
- City of London School
- Somerset County Cricket Club
- Cornwall College
- Ilfracombe College, Devon
- Army Control Board, Aldershot

And Overseas!

- The Fitness Centre - St Lucia, Caribbean
- I.C.C. Gibraltar Cricket Association
- I.C.C. Jersey Cricket Association

Whilst our speciality is cricket, we also provide facilities and equipment for basketball, netball, indoor hockey and football amongst others, enabling multi-sports projects to be completed under one contract. By handling projects of all types and sizes we have gained a high level of practical knowledge and skills.

Every installation is different. That is why every installation is tailored to meet your specific requirements.

A guideline price can be given from your estimates and dimensions but a site inspection, which is offered free of charge, is key to doing the job properly and to costing it correctly. We will look objectively at your installation plans and provide unbiased advice regarding siting, suitability and dimensions, matting, flooring and lighting if required. With special measuring instruments we will determine precise dimensions from which drawings can be produced. Particular care is taken with regard to the variance of floor levels to ensure materials are cut, trimmed and finished to perfection. Site photographs are also used as key references during the preparation of installation plans.

Products & Solutions available

- Knotless indoor netting with a choice of colours
- Wide range of single, double and multi-bay systems
- Tracking systems for heavily used areas
- Tensioned wire systems for use where the length of play area and budgets are limited
- Batting end sightscreens
- Bowling end netting & screens
- Wall storage pouches
- Cross hall divider nets
- Lighting
- Range of mattings
- Flooring
- Sports floor line marking

Testimonial from @Futsal, Swindon

"We (@Futsal Ltd) have recently opened in Swindon the first of thirty @Futsal 5-a-side indoor football arenas. This is a very important new development for us, as it is a showcase for our Futsal 5 a-side playing format which is the only indoor football format approved by FIFA. Each pitch conforms to FIFA regulations and has a dedicated area for spectators, officials and teams. The @Futsal arena provides families and players of all ages, levels and genders with state-of-the-art playing facilities and competition leagues. The teams even have an entry zone to go through to give them that 'through-the-tunnel experience'!"

"We have equipped our playing areas with cross hall, perimeter and protection netting from Huck Nets. When embarking on an ambitious project such as this it is important to find suppliers who are experts in their fields and who can be trusted to deliver what is needed - when needed. The advice and support given by Huck Nets (UK Ltd) throughout the project has been exceptional and we thank them for their service. The arena looks magnificent, and is already proving a great success with players and visitors alike."

Simon Baker, Head of Property,
@Futsal Ltd

All of our material are to BS Standard.
