Terms & Conditions Of Sale

VAT: All quoted prices EXCLUDE VAT which will be added at rate ruling at date of invoice.

Payment: Strictly, nett 30 days from invoice date approved open credit account only. Deposit with order required on some equipment. Details on application.

Prices: Every effort will be made to keep prices firm, but we reserve the right to vary them without notice.

Dimensions: All dimensions stated are offered as a guide only and should be treated as 'nominal'.

Credit Surcharge: Sums, which are overdue and have not been paid by the end of the month of the invoice, will be surcharged at the rate of 1.5% [compound] per calendar month or part of calendar month thereafter.

Title: Title to the goods does not pass to the purchaser until the account is settled in full. Risk passes to the purchaser on delivery.

Quality: We use the most suitable materials for the intended purpose of the article. It is not our policy to vary quality but we reserve the right to use alternative material when we consider it suitable or necessary.

Packing: Free, except any wood cases or specially requested materials, which are charged at cost.

Non-Delivery/Damage: If goods are not received within 10 days from date of invoice we must be notified immediately in writing otherwise no responsibility can be accepted. Damage or Part Delivery must be advised within 3 days of receipt.

Returns: No goods can be accepted for credit without written permission from the Company. A 25% handling and re-stocking charge will be applied to all credit notes covering returned goods, plus carriage where applicable. Returns will only be accepted on goods received back in saleable condition. This condition does not apply where there is a justifiable complaint relating to the quality of the goods supplied.

Above are extracts from the Conditions of Sales of the company
Full conditions of sale are available on request.

Welcome to Huck Nets Golf Catalogue

Welcome to our very first Golf Catalogue...

Here you will find the highest quality selection of netting and a comprehensive range of golf course ground equipment.

As manufacturers and suppliers of net products we have been supplying golf clubs, golf centres and driving ranges for many years with various types of netting including golf practice nets and safety nets. See pages 4-7. Our acclaimed knotless netting is available in standard or custom sizes in a range of colours including white, black, light and dark green. The material is fully weather proofed, strong, yet soft and light to handle. As well as manufacturing and supplying nets we also offer installation and repair services. Our specialist technicians will survey and manage the complete project for you. See pages 6-7.

Rob Walter
Sport Sales Manager

We recognise the benefits in offering Golf Clubs and Greenkeepers a single source of supply for golf ground equipment and have been encouraged to provide you with a 'one stop shop'. At Huck we constantly strive to serve our customers better and hope that you will find all you need in this new catalogue. If however you find that we are not stocking what you require please do let us know, and we will do our best to source.

All the products within this catalogue, as well as special offers, can be browsed and purchased from our e-shop online at www.huckgolf.co.uk. Alternatively you can contact the knowledgeable Sports Division team by phone on 01308 425100, fax 01308 458109, email sales@huckgolf.co.uk

Don't buy a net before talking to an installer first so you can make sure you are getting the exact system for your specific needs..

Huck Installations

Specialising in netting installation, design, maintenance and repair – UK Wide.

Installations and maintenance of golf course and driving range netting solutions.

- Barrier & protective netting • Driving range netting • Sports complexes
- Safety netting • Indoor or outdoor installation

All netting installations are carried out to the highest possible standards, by trained professionals working to the highest standards and in accordance with all the relevant health and safety procedures.

Golf Nets & Posts repaired

For example...
Practice Nets blown down during storms can be repaired on site.

For Golf netting solutions supplied and installed to your exact requirements call Huck Installations 01308 425100 or email rob.walter@hucknetting.co.uk

Sarel Spiking Rollers

Three widths of Sarel Aerators are available, enabling a choice to be made to suit your requirements. Aids water / air penetration, greatly improves root growth, for use when seeding and general turf maintenance. Each large spiked section is 11" in diameter, calculated to avoid 'tearing' of the turf. The tensile steel spikes are 1/4" in diameter, and 1.3/4" in length. Each spike is replaceable, held on with a nylock nut. Also coupled to each unit is a 4. 1/2" diameter roller for transportation across hard surfaces and for use as a ground rolling tool.

300mm (12") Wide Unit A

- This portable tool is the ideal aerator for smaller lawns, smaller areas or turf where access is narrow. A comfortable and easy tool to use.
- Weight: 30kg 63 spikes

Code: 10030
300mm (12") Wide Unit A
Price £399.00

600mm (24") Wide Unit B

- For use on golf greens, bowling greens, tennis courts, croquet lawns & larger gardens.
- Fits through most doorways.
- Weight: 54kg 126 spikes

Code: 10060
600mm (24") Wide Unit B
Price £525.00

900mm (36") Wide Unit C

- For speedy aeration of larger greens, bowls, cricket squares & tennis courts.
- Weight: 80kg 189 spikes

Code: 10090
900mm (36") Wide Unit C
Price £655.00

Spare Spike (includes Nylock nut)

Code: 89010
Spare Spike (includes Nylock nut)
Price £1.60

Towing Bracket & Eye D

- Retrofits all models. Simply bolted on. Eye rotates allowing for movements.
- Weight: 3.5kg

Code: 10010
Towing Bracket & Eye D
Price £65.00

Optional 3 Point linkage frame

- Weight: 7.45kg

Code: 10025
Optional 3 Point linkage frame retrofits all Sarels
Price £155.00

Advantages:

1. Does not tear. Can be used without interrupting play.
2. Aeration of the roots, greatly stimulating a healthy and vigorous growth and preventing burning during hot weather.
3. The hole made by the spikes permit the hot air to escape, and the fresh stimulating air and dews to penetrate the roots, at the same time loosening the soil, allowing the roots to spread freely and healthily, and providing drainage.
4. Allows top dressing to penetrate easily to the roots, ensuring quicker and longer lasting results.
5. Prevents moss forming.

Drag Brushes

Heavy duty steel frame encloses stiff nylon bristle heads, which are replaceable. For use with top dressings, dew and worm cast removal, grass grooming and ground clearance.

Drag Brush	Price	
Code: 22040 - Dragbrush 4ft (1.22m) Wide	£95.00	• Weight: 4.30kg

Code: 21110 - Dragmat 10ft (3m) Wide	£395.00	• Weight: 30.00kg

Harvester MKII Dropsreader

The ultimate top dressing machine, ideal for spreading loam, lawn dressing, greens dressing, kiln dried sands, fertilisers, rubber crumb, salt and much more. The hopper is constructed from stainless steel and holds approx 300 litres of material. The rotary agitator is easily switched on or off by a dog clutch on the driving wheel, allowing transportation without material resistance.

- Immediate on / off control means the material can be applied accurately.
- Separate Infinite shutter control mechanism (between 0 to 20mm).
- Pneumatic wheels on quality bearings.
- High Quality British Engineering means the material can be applied accurately.
- Pneumatic wheels on quality bearings.

35360

35380

Seed Slotter

Used for overseeding worn areas/patches on all fine turf areas. The static units can also double as 'tampers', with their heads removed. The spiker units are also used for aeration. By providing a flat bottomed slot at the correct optimum depth of 1/2" (13mm approx), the seed 'turns' during the rapid germination period of less than 7 days. Moisture in the soil is better absorbed by the seed, encouraging stronger root growth, within a protected environment. Much of the seed employing the traditional surface application method is simply wasted. Birds, washing, lack of moisture and low spots account for huge failures in germination.

- Very inexpensive when comparing against seed wastage
- 50% less seed required
- No need to close down play with no loss of amenity.
- Much stronger and healthier.
- User friendly and simple to store

Code: 35030

Static Seed Slotter

Price £99.00

Code: 35040

Static Spiker (25 Spikes)

Price £99.00

Code: 89010

Spare Spike with Nylock Nut

Price £1.60.00

Weasel

The Weasel is designed for de-compacting, and breaking up soil into a tilth, both for cosmetic reasons, allowing in air and moisture, or for use when re-seeding damaged or worn areas. Also ideal for use around the edge of compact sand bunkers.

Code: 35100

Weasel

Price £79.00

Hedgehog

The Hedgehog is designed for use with localised aeration of fine turf, and for overseeding. Although the design of both tools are very similar they are both very well suited to completely different applications.

Wentworth Tool

Are your divot holes suffering from that half repaired mole hill look?

With this tool you can make an almost invisible repair in seconds. Players will benefit from a playing surface and presentation they have come to expect from your work. Unique features and benefits: The Wentworth Tool creates the equivalent of over 10,000 (yes, ten thousand) holes per square metre for its given footprint area! Divots are consolidated and the recovery time is very quick. Issues of replaced turf drying or lifting out are eliminated with this tool.

- Repair divots in seconds.
- Creates 10,000 hole per square metre.
- Divots consolidated and recovery time is very quick.
- Ideal for prick seeding.
- Replaced turf drying or lifting are eliminated.
- Reduces the use of expensive chemicals, seeds and large scale replacements.
- Save time and money avoiding major renovation work.
- Weight: 4kg

Code: 35070

Wentworth Tool

Price £139.00

Levelawns & Lutes

A full range of Levelawns (or Lutes) are available for use on fine turf areas. The smaller being ideal for general grading and levelling work, whilst the larger are used to remove even the slightest undulations when used correctly. All models are supplied complete with handle ready to use.

28" Flip Over

- General purpose heavy duty double sided 'flip-over' design.
- Flat side for levelling and sharp side for aggressive preparation work.
- Weight: 6.30kg

Code: 30280

28" Flip Over

Price £79.00

36" (92cm) Levelawn 'Greenkeeper B'

- Very lightweight, slightly flexible design, it follows minor ground contours without scarring. Ideal for most ongoing general work.
- Weight: 6.30kg

Code: 30360

36" (92cm) Levelawn 'Greenkeeper B'

Price £79.00

40" De-Luxe Lute

- Very robust lute ideal for most finishing work. Strong box section construction with extra bracing supports to help maintain stiffness.
- Weight: 4.55kg

Hexagon Turf Doctor

This tool cuts hexagonal shaped pieces of turf 7" (18cm) across, to a depth of 3-4" (8-10cm). By using bodyweight either standing or jumping on the tool no other equipment is required.

A very quick and effective way of turf removal, as several of the cut segments will stack in the tools 'magazine' allowing for continuous operation and transportation from one area to another. Replaced segments create an attractive honeycomb effect. Recovery is quick and effective. The bottom of the cut segments can be 'scalped' to ensure squareness when replacing.

• Weight: 5.3kg

Code: 15200
Hexagon Turf Doctor
Price £139.00

15200

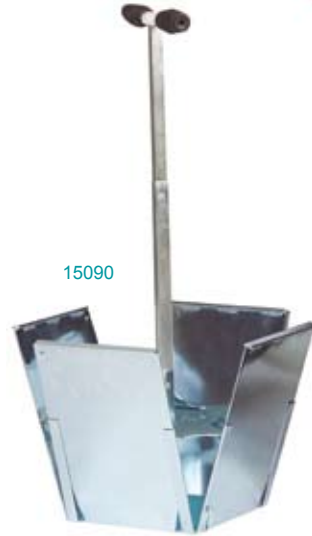

Square Turf Doctor

Removes 9" (23cm) pyramid shape squares of turf sod. Repaired areas can be played on straight away, because of the deep extraction taken. Each sod is cut exactly square and fits quickly and neatly into every exchange hole. A complete repair can be made with no gaps left between the sods.

- The true surface level is maintained.
- The playing surface remains firm and stable as each sod is held firmly in place by the wedges of undisturbed soil.
- There is minimal root loss and recovery is very quick.

• Weight: 9.10kg

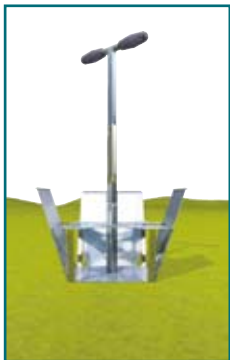

Code: 15090
Turf Doctor 9" (23cm)
Price £159.00

15090

Spare Blade

Code: 15095
Turf Doctor 9" (23cm) - Spare Blade
Price £39.00

Pluggers

Removes 2" (5cm) plugs to an adjustable depth of 2-4" (5-10cm). All cut plugs are collected in the tube stem, leaving no mess. The blade is hardened and fully adjustable.

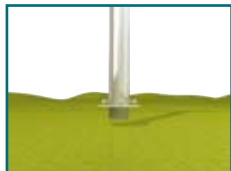

15320

Spotless 2" Plugger

Code: ?

Spotless 2" Plugger

Price £85.00

3" Plugger / Bulb Planter

Removes 3" (7.5cm) diameter plugs to a depth of 5" (12cm). Fitted with a foot stirrup for quick and continuous usage. Ideal for patch repair, planting bulbs and small plants.

Code: 15

3" Plugger / Bulb Planter

Price £49.00

15330

Turf Slitter

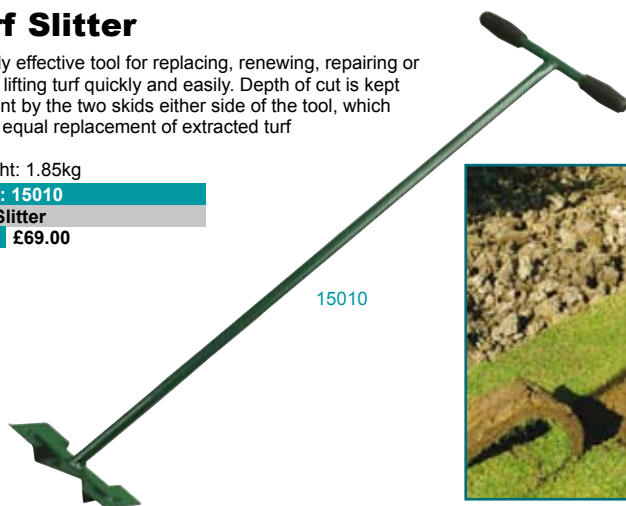

A highly effective tool for replacing, renewing, repairing or simply lifting turf quickly and easily. Depth of cut is kept constant by the two skids either side of the tool, which allows equal replacement of extracted turf

• Weight: 1.85kg

Code: 15010

Turf Slitter

Price £69.00

15010

Dew Brush

For fast removal of dew. Supplied in two halves the problems of damage through transportation and storage is minimised greatly. The bracket holding the unit together is easily attached / detached in a matter of seconds. Another unique advantage is that one half of the brush can be used on its own creating a secondary smaller 1.5m (5ft) dew brush if required.

• Weight: 3.75kg

Code: 23610
Dew Brush c/w Switch Handle - 3m Wide (10ft)

Holemaster Golf Cutter

A range of golf hole cutters that provide an accurate and clean cut whatever the condition of your green. Each hole cutter has an indicator to assist in providing the correct cut depth. The diameter of cut cannot vary because of the hole cutters design. Manufactured using "Laser" technology.

50030

The most accurate and durable hole cutter available today. Meets exact R&A and USGA specifications for a perfect 4.25" cut hole. Now available in almost every country around the world, such growth in demand speaks for itself!

• Weight: 5.90kg

Price £4.00

Golf Hole Cups

What is Octolock™?

This is the unique 8 point locking system designed by BMS for stopping the base ferrule on our flag pins from rotating. Most ferrules have only two or four locking points which can quickly wear under prolonged use, with 8 points of contact the extra durability is self explanatory.

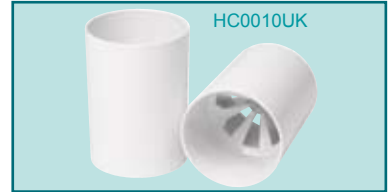

ABS Plastic Bright White OctoLock™ Golf Holecups

These ABS plastic hole cups are made from the best quality composite money can buy. Includes special additives to give a brilliant white glow, whilst protecting against the sun's UV.

Code: HC0010UK

Octolock™ Hole Cup UK - ABS

Price £7.00

Aluminium OctoLock™ Golf Holecups

These solid cast aluminium hole cups are made to the exact same design as the ABS OctoLock™ cups. For those who require that extra durability and unique 'ball drop' noise. Specially pre-treated and powder coated white.

Code: HC0020UK

Octolock™ Hole Cup UK - ALUMINIUM

Price £17.00

Aluminium Phosphate Hole Cup c/w White Sleeve

Solid cast aluminium grey phosphate hole cups come complete with plastic sleeve that is easily replaceable, and remain tight in the cup during play.

Aluminium Phosphate Hole Cup c/w White Sleeve UK

Price £198.00

Replacement White Plastic Sleeve

Code: HC0022SLE

Replacement White Plastic Sleeve

Price £31.50

The Black Hole ABS Plastic Golf Hole Cups

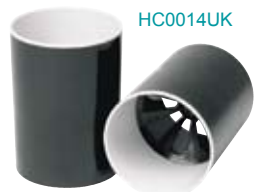

The bright white inner stays highly visible on your green whilst the black centre hides dirt and general wear and tear over time. The ball is also much more visible and makes for a more enjoyable experience for your members.

Boxed in 10's as standard

Code: HC0014UK

The Black-Hole ABS Golf Hole Cups UK

Price £80.00

Putting Green Cups

A shorter 4" (4.25" diameter) putting cup for ease of installation and more ergonomic for collection of balls when on practice greens. It also means the hole doesn't have to be cut as deep which is a great help if your sub soil is not in the best condition in your practice area! They also look great with our range of bronze base putting flags.

Code: HC0012UK

Practice Green Cups

Price £7.00

Winter Hole Cups

6" diameter, constructed from heavy gauge steel with CNC machined inside and ferrule hole. Finished in bright white durable powder coat.

Tee Mats

Artificial Grass Tee Mats for Winter tees, Driving Ranges and Practice areas. Manufactured from the highest quality materials. Our range of mats consist of polypropylene or nylon fibres constructed on a wilton woven backing to provide a dense pile artificial grass carpet. The carpet is heat bonded to PVC foam underlay which has been developed to withstand compaction from heavy loading. All materials are weather proof and will not degenerate under severe winter conditions. The underlay will provide resilience and comfort underfoot and will absorb impact from a miss-hit shot.

Use & Wear

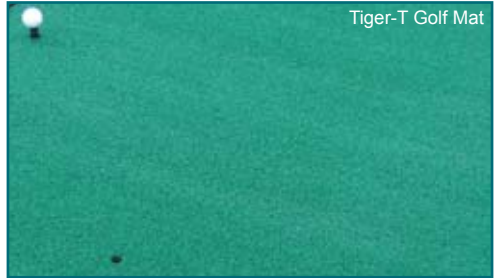

They are made to receive continuous use from either wood or iron play and are suitable for both right and left handed players. All types of studded footwear can be used.

Maintenance

The carpet requires virtually no maintenance apart from occasional brushing and washing with detergent to remove deleterious matter.
