

Item No.: GP 1001

Volume: 60ml

Material: Crystal alike glass

Processing: Polished by hand

Dimension (without cap): 82.5mm*41mm*63mm

Dimension (with cap): 82.5mm*41mm*95mm

Bottle weight: 190g

Cap weight: 50g

Color: Transparent

About Product:

- Both the bottles and the caps are made of crystal material.
- Their transparency and heaviness are much better than the common glass bottles.
- The surface treatment technology of these crystal bottles is complex and the workmen-ship is exquisite.
- All the post-processing is done by hand.

Item No.: GP 1003

Volume: 60ml

Material: Crystal alike glass

Processing: Polished by hand

Dimension (without cap):64mm*38mm*100mm

Dimension (with cap):64mm*38mm*130mm

Bottle weight: 255g

Cap weight: 45g

Color: Transparent

About Product:

- Both the bottles and the caps are made of crystal material.
- Their transparency and heaviness are much better than the common glass bottles.
- The surface treatment technology of these crystal bottles is complex and the workmen-ship is exquisite.
- All the post-processing is done by hand.

Item No.: GP 1004

Volume: 50ml

Material: Crystal alike glass

Processing: Polished by hand

Dimension (without cap): 75mm*44.5mm*79mm

Dimension (with cap): 75mm*44.5mm*133mm

Bottle weight: 220g

Cap weight: 55g

Color: Transparent

About Product:

- Both the bottles and the caps are made of crystal material.
- Their transparency and heaviness are much better than the common glass bottles.
- The surface treatment technology of these crystal bottles is complex and the workmen-ship is exquisite.
- All the post-processing is done by hand.

Item No.: GP 1006

Volume: 60ml

Material: Crystal alike glass

Processing: Polished by hand

Dimension (without cap): 82mm*43.5mm*73mm

Dimension (with cap): 82mm*43.5mm*115mm

Bottle weight: 200g

Cap weight: 45g

Color: Transparent

About Product:

- Both the bottles and the caps are made of crystal material.
- Their transparency and heaviness are much better than the common glass bottles.
- The surface treatment technology of these crystal bottles is complex and the workmen-ship is exquisite.
- All the post-processing is done by hand.

Item No.: GP 1007

Volume: 75ml

Material: Crystal alike glass

Processing: Polished by hand

Dimension (without cap): 90mm*90mm*60mm

Dimension (with cap): 90mm*90mm*100mm

Bottle weight: 230g

Cap weight: 35g

Color: Transparent

About Product:

- Both the bottles and the caps are made of crystal material.
- Their transparency and heaviness are much better than the common glass bottles.
- The surface treatment technology of these crystal bottles is complex and the workmen-ship is exquisite.
- All the post-processing is done by hand.

Item No.: GP 1008

Volume: 75ml

Material: Crystal alike glass

Processing: Polished by hand

Dimension (without cap): 59mm*36.5mm*116mm

Dimension (with cap): 82.5mm*41mm*165mm

Bottle weight: 225g

Cap weight: 55g

Color: Transparent

About Product:

- Both the bottles and the caps are made of crystal material.
- Their transparency and heaviness are much better than the common glass bottles.
- The surface treatment technology of these crystal bottles is complex and the workmen-ship is exquisite.
- All the post-processing is done by hand.

Item No.: GP 1009

Volume: 60ml

Material: Crystal alike glass

Processing: Polished by hand

Dimension (without cap): 66mm*28.5mm*113.5mm

Dimension (with cap): 66mm*28.5mm*142mm

Bottle weight: 225g

Cap weight: 40g

Color: Transparent

About Product:

- Both the bottles and the caps are made of crystal material.
- Their transparency and heaviness are much better than the common glass bottles.
- The surface treatment technology of these crystal bottles is complex and the workmen-ship is exquisite.
- All the post-processing is done by hand.

Item No.: GP 1010

Volume: 50ml

Material: Crystal alike glass

Processing: Polished by hand

Dimension (without cap): 71mm*35mm*78mm

Dimension (with cap): 71mm*35mm*110mm

Bottle weight: 185g

Cap weight: 40g

Color: Transparent

About Product:

- Both the bottles and the caps are made of crystal material.
- Their transparency and heaviness are much better than the common glass bottles.
- The surface treatment technology of these crystal bottles is complex and the workmen-ship is exquisite.
- All the post-processing is done by hand.

Item No.: GP 1011

Volume: 50ml

Material: Crystal alike glass

Processing: Polished by hand

Dimension (without cap): 62mm*32mm*82mm

Dimension (with cap): 62mm*32mm*115mm

Bottle weight: 180g

Cap weight: 55g

Color: Transparent

About Product:

- Both the bottles and the caps are made of crystal material.
- Their transparency and heaviness are much better than the common glass bottles.
- The surface treatment technology of these crystal bottles is complex and the workmen-ship is exquisite.
- All the post-processing is done by hand.

Item No.: GP 1013

Volume: 50ml

Material: Crystal alike glass

Processing: Polished by hand

Dimension (without cap): 60mm*38mm*88.5mm

Dimension (with cap): 60mm*38mm*123mm

Bottle weight: 215g

Cap weight: 45g

Color: Transparent

About Product:

- Both the bottles and the caps are made of crystal material.
- Their transparency and heaviness are much better than the common glass bottles.
- The surface treatment technology of these crystal bottles is complex and the workmen-ship is exquisite.
- All the post-processing is done by hand.

Item No.: GP 1014

Volume: 75ml

Material: Crystal alike glass

Processing: Polished by hand

Dimension (without cap): 61mm*35mm*94mm

Dimension (with cap): 61mm*35mm*120mm

Bottle weight: 235g

Cap weight: 105g

Color: Transparent

About Product:

- Both the bottles and the caps are made of crystal material.
- Their transparency and heaviness are much better than the common glass bottles.
- The surface treatment technology of these crystal bottles is complex and the workmen-ship is exquisite.
- All the post-processing is done by hand.

Item No.: GP 1015

Volume: 50ml

Material: Crystal alike glass

Processing: Polished by hand

Dimension (without cap): 98.5mm*46mm*90mm

Dimension (with cap): 98.5mm*46mm*125mm

Bottle weight: 235g

Cap weight: 50g

Color: Transparent

About Product:

- Both the bottles and the caps are made of crystal material.
- Their transparency and heaviness are much better than the common glass bottles.
- The surface treatment technology of these crystal bottles is complex and the workmen-ship is exquisite.

All the post-processing is done by hand.
