- Design & Manufacture in the UK
- 2 YEAR GAURANTEE
- All products Flame Retardant
- Heavy & light duty PVC materials
- PU & PVC coated polyester materials
- Special Translucent PVC material for maximum NATURAL light ingress inside the tent. A UNIQUE feature to Sheerspeed (All translucent white materials by other manufacturers transmit amplified FALSE white light)
- Speed Tent - no loose components - only seconds to erect -
- Quick & easy to erect and Portable
- Design to your own specification
- Frame types:
 - Fibreglass / Aluminium / Steel
- Complete colour range available
- Customer Logos can be added
- Full Repair service and Spare parts (irrespective of manufactured origin)

Sheerspeed is the only manufacturer to offer Speed Tents manufactured from the RF welding process which fuses the material on all joints offering 100% watertight seams.

Our reinforced PVC's are coated on both sides and unique to Sheerspeed.

Their optimised weight offers class leading stability and good cleaning properties.
