

Tungsten Problems?

**Grinders
Pre-Ground
Raw Tungsten**

DGP Has the solutions

Diamond Ground Products Ltd are specialists in the supply of Tungsten's, both Raw and Pre-ground, and Tungsten Grinders.

Clients come to DGP because they are concerned about welding defects, they feel that their results are sometimes inconsistent, or because they are not getting the product support they require, DGP offers:

PRECISION TUNGSTEN ELECTRODE GRINDERS

Easy to use equipment that uses diamond wheels to grind, cut and flat electrodes.

THE PIRANHA™ TUNGSTEN GRINDER

At 1/2 the price of most grinders and weighing in at just under 10 lbs., the Piranha™ combines affordability and portability in a grinder that comes complete with a diamond wheel for proper electrode preparation.

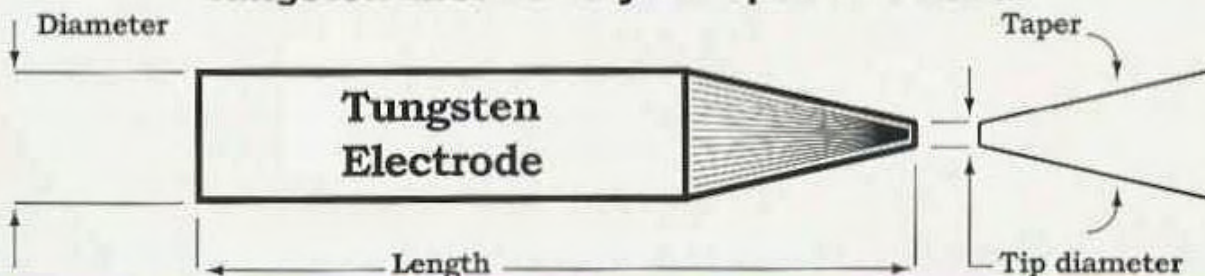

PRE-GROUND ELECTRODES

Electrode tips ground to your specifications for Orbital TIG, Automatic TIG and Plasma welding in precision applications.

RAW TUNGSTEN

A complete range of Raw Tungsten is stocked, including our own non radio active TriMix™ Tungsten.

Tungsten Ground to your Specifications
