

## AI-01 Electric Wire Stripper

### Technical information

The AI01 is a stripping machine driven by an electric motor. The cutting depth is selected using a rotary dial on the side of the machine with wire size indicator in both awg and mm<sup>2</sup>.

Exact stripping of different insulated wires within the cross-section range from 0.05 up to 6.0 mm<sup>2</sup> (AWG 24-10) is possible.

Stripping and pull-off lengths are very easy to adjust, using the rotary dial on the front of the machine.

### Special features

- Automated stripping in the range of 0.05 up to 6.0 mm<sup>2</sup> (AWG 24-10)
- Variable adjustment of stripping length and pull-off length between 3 and 20 mm
- Lightweight and compact build

### Technical data

Stripping range:	3-20 mm	Cross-section range:	0.05-6.0mm <sup>2</sup> (AWG 24-10)
Infeed length:	22 mm + stripping length	Pull-off length:	1-20 mm
Drive:	electric motor	Power supply:	230V/50Hz/46VA
Cycle time:	approx. 0.5 s	Dimensions (w x d x h):	180 x 294 x 190 mm
Colour:	blue, RAL 5012
