Wall Mounted Walkway H.2270 W.1900 L.3000

Option	Code	Price
Roof Only	SWM241930MR	£784.00
Roof & One Side	SWM241930MS	£1,687.00

Wall Mounted Extension H.2270 W.1900 L.3000

Option	Code	Price
Roof Only	SWM241930ER	£732.00
Roof & One Side	SWM241930ES	£1,530.00

Connecting two buildings with a Walkway

- Keeps people dry as they move from building to building
- Prevents goods and materials getting wet in transit
- Provides up to 97% Ultra-Violet protection

Initial Shelter Extension Shelter

If sited within 5 miles of the coast, we strongly recommend an additional weather treatment for the steel work. This is available for a modest additional charge.

Premier Walkways

A stylish free-standing walkway ideal for connecting two buildings, available in three metre lengths. Constructed with a curved roof made from UV resistant polycarbonate panels mounted on a powder coated steel frame.

- Free-standing walkway, available in three metre lengths
- Stylish curved roof made from opaque polycarbonate panels mounted onto steel frame
- Optional side panels made from tough clear perspex for improved weather protection. Can be mounted on either side
- Must be bolted to 250mm thick concrete (fixings included)
- Delivered in knock-down form

Executive Smoking Shelter

The vanguard of the next generation of smoking shelters. Here, strong design aspects are counterbalanced with the functional requirements of a smoking shelter to produce a highly attractive structure that would grace the grounds of any corporate HQ.

- Attractive hexagonal shape
- Greater than 50% open to comply with current UK legislation and to allow the rapid dispersal of cigarette fumes
- Supplied in kit form with easy to follow instructions for onsite assembly and installation
- Clear Perspex sides for all round visibility
- Standard unit holds 3-5 people at a time
- Large unit holds 6-8 people at a time
- Adjustable legs for onsite levelling
- Must be bolted to 250mm thick concrete with parabolts supplied

Traditional Smoking Shelters

Recent legislation throughout the UK banning smoking in public places including the workplace has resulted in employers adopting new codes of practise to accommodate smokers. These shelters enable employers and establishments to create a designated smoking area away from main entrances and exits.

- Robust all-weather construction
- 6mm clear perspex sides with choice of perforated sheet steel or perspex back
- Adjustable feet for on-site positioning
- More than 50% open area to allow rapid dispersal of cigarette fumes
- Smaller shelters suitable for up to 9 people, larger shelters up to 12 people
- Parabolts for surface mounting included. Must be bolted to 250mm thick concrete for stability
- Site survey and erection service available
