# What our customers say.

“RAP had a clear objective to understand and define our company’s needs from the outset. They remained positive to inevitable changes which materialised post design stages. I found Rick Anderson (MD at RAP) was the real value add who was fully engaged throughout the entire project.”

**J Lipton CEO. P SOLVE GROUP London**

“The team at RAP are always responsive to all my clients needs and work closely to help new occupiers make informed choices. They do exactly what they say.”

**Mike Lewis Partner. Michael Rogers Associates, Kent**

“Working with RAP office contracts has been a really positive experience. They are professional, supportive and inclusive, and go above and beyond what you would expect from a contractor. It is a pleasure to recommend them to anyone who may be thinking of using them.”

**Will Hayler, Commercial Property Consultants, HO2 London**
