

TRUCKBOOSTER

Industrial stationary hot water pressure washer

Nilfisk ALTO

Why Compromise

TRUCK BOOSTER

Industrial hot water stationary pressure washers

Cabinet door ensures easy access to all components for servicing and maintenance

Internal heater to prevent frosting in cold weather

Ergonomics

- Easy to operate control box with pre-set temperatures and flow.
- Low noise level due to 1450rpm pump unit

Reliability

- Tried and tested NP5 and C3 motor pump units.
- Long working life due to 1450 RPM motor, reinforced pump head and ceramic pistons.
- Stainless steel frame and cabinet as standard.
- Internal heater and cabinet insulation protect the unit during cold weather

Quality Cleaning

- High water flow ideal for heavy duty cleaning
- High temperatures at high flow for the removal of traffic films, oils, grease and pollution
- Space for 2 x 25 litre detergent containers.

TECHNICAL SPECIFICATIONS

		5-30D	5-49D	7-63D

OPTIONAL ACCESSORIES *(see product catalogue for further accessories)*

Wash Brushes

A selection of long, short, fixed and rotary wash brushes are available which will aid the removal of traffic film and stubborn dirt

Assisted Boom

The addition of a spring assisted boom enables ease of movement around the vehicle during cleaning.

Short/Long Lance's

Optional extensions or reducers for lance length which allow access to difficult to reach areas.

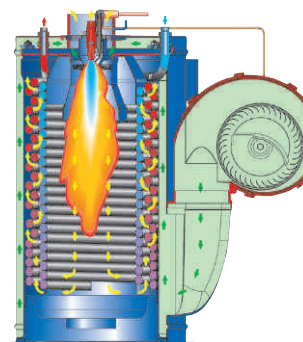

Hose Reels

Selection of hose reels available including trolley, wall mounted or on board. This ensures the hose is stored in the tidiest and most secure manner.

ECONOMICAL BOILER

EcoPower
Clean Performance

Nilfisk-ALTO is behind the latest breakthroughs in heating efficiency. The EcoPower boiler offers efficiency well above legislative levels plus -

- Reduced fuel costs through improved efficiency
- High heating power
- High water temperature even at full water flow
- Steam stage

Also available with electrical water heating as a special option.
