CDM 2007 Audit & Risk Management Software

CONTRACTORS CDM 2007 Compliance Kit

The **Contractors CDM Compliance Kit** software package has been specifically designed to assist both **Principal Contractors** and **Contractors** to fulfil their duties under the 2007 Construction (Design and Management) Regulations.

The **Contractors CDM Compliance Kit** is an essential tool for every contractor and contains all of the information and documentation needed to comply with the requirements of the **CDM Regulations**.

All of the information is supplied on a single CD ROM in Microsoft Word format for easy editing and updating. This means that the **Contractors CDM Compliance Kit** can be used time and time again for an unlimited number of projects.

The key contents of the **Contractors CDM Compliance Kit** include:

➢ An overview and summary of the of the CDM Regulations and its requirements

➢ A summary of the main duties of the key duty holders

➢ A Check list / Audit sheet stating the actions needed to demonstrate compliance under the Regulations, and which can be used to establish an audit record of the actions taken

➢ Flow charts to assist in determining when the Regulations are notifiable

➢ Key forms such as Form F10

➢ Procedures for the Management and Control of Contractors

➢ A detailed Construction Phase Health and Safety Plan, which can be easily amended and edited for specific projects

➢ Contractors Competence and Resource Questionnaires

➢ Management of Health, Safety and Welfare procedures

➢ Contractor Start up Form

➢ Health, Safety and Welfare Inspection Reports

How will the Software Help Me?

The **Contractors CDM Compliance Kit** can help civil engineers, building, M&E, painters & decorators and host of other contractors by:

➢ Saving time and money in the production of key documents such as Health and Safety Plans, Competence Assessments and work orders
➢ Providing guidance and templates to assist less experienced contractors
➢ Demonstrating competence to Clients and Principal Contractors when tendering for work
➢ Assisting with Prequalification for local authority and Government work
➢ Establishing safe systems of work to protect the workforce and members of the public
➢ Enabling company's to more easily comply with their general health and safety obligations, not just those under CDM
➢ Establishing procedures for the management and control of sub-contractors

System Requirements:
➢ Minimum processor - Pentium III or newer
➢ Recommended 128MB RAM or higher
➢ CD ROM drive
➢ Operating system Windows 95 or newer
➢ Microsoft Word 97 or newer
