

Binger Seilzug

Defoliator EB 490

Binger Seilzug – Serving winegrowers for more than sixty years!

Defoliator EB 490

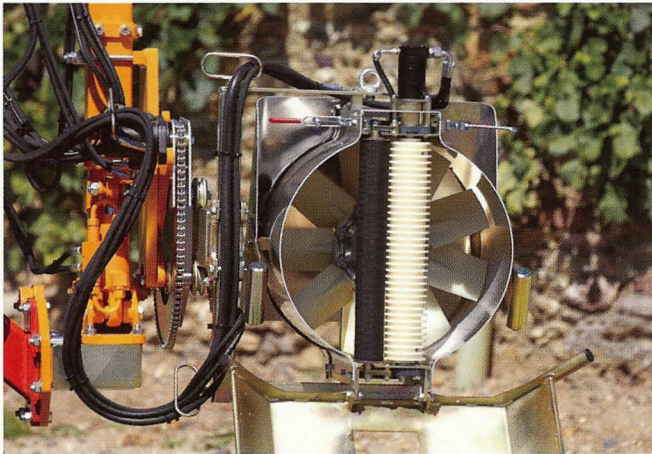

The Binger Seilzug Defoliator EB 490 treats vines exceptionally gently. Two rotating rollers grip the leaves drawn in by a suction fan and pluck them off. Damage to the inflorescences or grapes is effectively avoided. The patented cleaning rake ensures that the rollers do not become clogged. Despite its low weight of only 60 kg (without hydraulic lift and bracket), the EB 490 Defoliator is really robust, reliable and maintenance-free.

Model Range:

Single-sided version
with 180° pivoted mounting (option) and lateral shift (option)

Cleaning the machine is quick and easy to carry out by just opening the front of the housing.

180° pivoted mounting (option)

Double-sided version

We reserve the right to change technical specifications.
