

WORLDWIDE HEAVY TRANSPORTATION AND LIFTING

UK AND INTERNATIONAL GENERAL AND SPECIALIST HAULAGE

ALE can provide a full service solution for all of your haulage and transportation needs. We operate a diverse fleet of vehicles and can meet any transportation requirement from documents to unlimited out of gauge cargo worldwide.

UK based, we can offer a full project management solution for the UK and European markets.

With years of experience and one of the most comprehensive fleets of transportation equipment in the UK and Europe, we are a renowned authority in moving and transporting any weight of load.

A team of highly trained personnel maintain and operate our substantial fleet of trailer equipment.

Our versatile fleet ranging from crane vehicles to beam carriers can be configured to transport all types of equipment to overcome any potential route restrictions.

We take pride in the high level of customer service and project management given to all of our clients. Whatever the size or complexity, we strive to ensure a door-to-door service including; consultancy, permits, route investigations and applications, liaison with officials, agencies and traffic management contractors.

Our experienced staff can provide quotations and estimates, negotiate with customs and even arrange street furniture removal as part of our transportation full service solution.

In addition to the high standard of transport services provided, we pride ourselves on having one of the most diverse engineering departments in the UK.

These services include finding transport solutions for difficult cargo, loading and off-loading methods as well as detailed engineering and swept path drawings using AutoCad and risk assessment documents.

**Our team are willing to advise on transportation of any kind of cargo.
 Please contact us to discuss your requirements.**
