ELECTRICAL ACCESSORIES

Solutions from Focus SB

Focus SB is a British company that has been dedicated to manufacturing electrical accessories of unparalleled quality for over 30 years. Quality components, quality inserts and quality materials all brought together in a range of designs suitable for stylish homes and commercial interiors

Manufactured in Sussex, every plate is hand finished by our skilled crafts people to ensure a product that is functional, beautiful and made to last a lifetime. The ranges are designed to complement elegant period properties through to the most contemporary and design led interiors. The comprehensive options, materials and finishes along with the technical requirements and support, make installation straight forward for electrical contractors.

Contractor Ranges

Designed specifically with the contractor in mind, the Cheltenham, New Lincoln, Newbury and Worcester ranges are all manufactured to the highest standards using Crabtree inserts.

- No gaskets required
- No minimum order charge
- Free delivery to mainland UK

Cheltenham

This attractive roped edge design provides the market with attractive styling to complement traditional interiors.

See pages 4-5

New Lincoln

The New Lincoln range, with its attractive stepped plate design features moulded, flat rocker switches to complement the accessory design.

See pages 6-9

Newbury

Utilising the Crabtree range of grid and riveted inserts, the Newbury range is a stylish plain, simple design to suit most interiors.

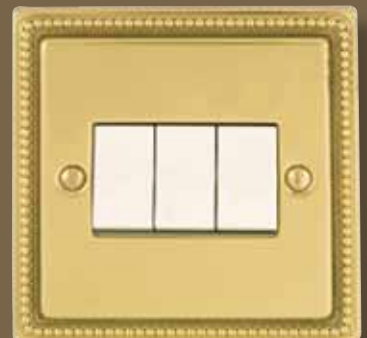

See pages 10-13

Worcester

The Worcester range has a decorative beaded design, and offers a comprehensive selection of products to suit most application requirements.

See pages 14-15

Bespoke Solutions

With Focus SB you no longer have to accept standard off the shelf electrical accessories. We put you in control so you specify exactly the accessories you want and need, from initial design and manufacture of prototypes, to short run or mass production. We boast an in-house design and engineering division who are experts in tool design and manufacture. So if you need custom shapes, controls or displays, period or themed designs we can turn your ideas into reality.

Standard Finishes
