

## Municipal Wastewater Treatment Plant

Direction de l'Hydraulique de la Wilaya de Jijel, Algeria

### How we created value

- Still under construction

#### **Ovivo commissioned to install wastewater treatment plant for El Milia, Algeria**

##### **Background**

Algeria's Direction de l'Hydraulique de la Wilaya de Jijel has commissioned a wastewater treatment plant with a capacity of 120,000 population equivalent, to serve El Milia in Algeria. Ovivo won the contract, and its local team will be entirely involved in the engineering, erection, commissioning and erection of the wastewater treatment plant. This will be Ovivo's first Algerian project as leading contractor.

##### **Process**

The process to be used in the El Milia wastewater treatment plant will involve extended aeration, coupled with simultaneous nitrogen removal.

Commissioning of the plant will commence no later than March, 2010
