Technical Data

Please note this alternator is not interchangeable with the earlier Astra G type alternators URB446N & URB487N. The above part numbers have a wiring code of L-F the URB446N & URB487N are L-W the operation of these wiring codes are different! The above alternators are usually fitted to engine codes Z17DTH. For 100% confirmation it is best to go by the original part numbers off the old unit.

Offer available until 31st August 2008, all prices exclude VAT, numbers and pictures are used for reference purpose only!
