**Modular care and organisation trolley MPO –
system integrated solutions**

ZARGES MPO –

**The system with unlimited variation possibilities –
as unique as your requirements.**

There are diverse requirements on healthcare trolleys. In order to be ideally equipped for any range of application, the modular care and organisation trolleys from ZARGES are customised exactly to your individual wishes and requirements.

A modular system with several basic components makes a multitude of variations possible which can be configured in their functionality and design according to special needs and requirements. Thanks to their unrestricted mobility, all MPO models can also be used flexibly at any time – whether as a medication trolley, storage trolley or mobile EDP work station.

Using the clever system for your completely individualised solution – Practical examples:

Care trolley

Bandage trolley
