

Cattle slats Mega

Mega Cattle slats are an option in farm cattle tanks where large spans of 4270mm (14ft) or 4572mm (15ft) are required, they are 1200mm wide and 225mm deep. Mega slats are designed to be tractor load bearing. We offer notched end Mega slats compatible with our Big T slat at 200 mm deep. Slats are designed for your required load bearing and length requirement.

Design Features

- Tractor loading to 4572mm (15ft) long
- Mechanical installation required
- 225 mm thick or Notched end to 200 mm thick
- Designed to current BS EN standard
- Manufactured to customers specific length

Uses for Mega slats

- Tanks with large spans
- Heavier tractor loadings
- N/E to match our Big T slat depth

Slat Type	Loading	Length	Width	Height
Mega	6T Tractor	14 & 15 ft	1.2 m	0.25 m
Mega	6T Tractor	14 & 15 ft	1.2 m	0.2 m

Design & Quality Assurance provisions

- Design certificates available for your building warrants
- Concrete design certificates supplied
- Concrete strength cube reports available upon request
