

Cattle slats Big T

Big T cattle slats are common in farm cattle sheds, they are 1.2 meter wide and are manufacture to order. We make 200 mm deep Maxi slats and are designed for either cattle or tractor load bearing and can be manufactured to your required length up to 13 feet 6 inches long. We offer notched end Big T slats to be compatible with our Maxi slat at 178 mm deep. Our slats are designed for your required load bearing by a team of qualified designers.

Design Features

- Cattle loading too 12ft long
- Tractor loading too 13.6 feet long
- Mechanical installation required
- 200 mm thick or Notched end to 178 mm thick
