**Dodman Limited**

## Dodman Architectural Metalwork

Dodman Limited has an enviable reputation as a manufacturer of Architectural Metalwork for both commercial and domestic applications.

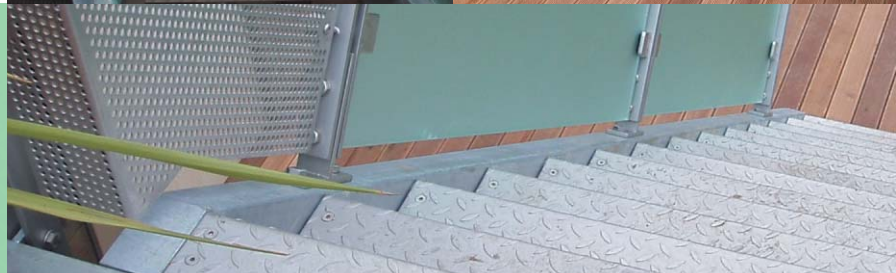

Operating from our purpose built Fabrication Workshop in King's Lynn, we have a proven reputation for quality, craftsmanship, reliability and the ability to undertake contracts of any size.

Our in-house team of experienced craftsmen provide a complete solution from design through to installation, with an ongoing after sales support.

All products are bespoke and are available in stainless steel, aluminium, mild steel - with a variety of finishes including shot blasting, galvanising, powder coating and painting.

Our product range includes: -

- **STAIRWAYS,**
- **BALUSTRADES,**
- **HAND RAILS**
- **GATES.**

ENGINEERING EXCELLENCE & INNOVATION FOR ARCHITECTURE

The policy of Dodman Limited is one of constant improvement and therefore we reserve the right to alter or change the details of the unit without prior notice.
