

# HUTCHEON EXAMINATION SERVICES LIMITED

## Equipment Labels, Tags & Cable Ties

Hutcheon Examination Services use a range of standard products and individual systems developed to clients requirements to indicate that examinations have been completed and show the date of next examination. This has become increasingly important to clients. It clearly indicates their equipment is in statutory compliance and staff are aware that they should only use plant and equipment that displays a current examination date. A visual check can be instantly carried out by supervisors, auditors and users.

We have developed a range of self adhesive stickers that are durable in the harshest environmental conditions.

The majority of our clients require us to tag all loose lifting tackle (slings, shackles, chains etc) using the twelve international month colours. The coloured cable ties are printed with the month and a sleeve is then added to indicate the year.

We can supply these tags and ties in quantities of 100 to 1000's at very competitive rates.

With our production partners we can supply and develop tagging systems utilising are own inspection industry knowledge.

Please contact us for a quotation.
