

# HUCK BOLTS USED IN CROSSINGS AND JOINTS

## ALL VEE BLOCKS

RAIL TYPE	NRS PART NUMBER	
RAILTRACK FLAT BOTTOM	57-1508**	PIN
	57-150800	COLLAR
RAILTRACK BULL HEAD	57-1508**	PIN
	57-150800	COLLAR
	<b>*SEE NOTE</b>	

**NOTE:** The 1 inch diameter pins for use in vee blocks vary in length according to crossing type and block position. The length of grip required can be calculated using a 57/151041 caliper or by measuring between extreme faces of the webs of rail.

For crossing angles sharper than 1 in 10, taper washers 57-150895 are also required under head & collar of pin. Allow 3/16th. inch or 4.8 mm each.
