**Not only turning over
a pile of paper.**

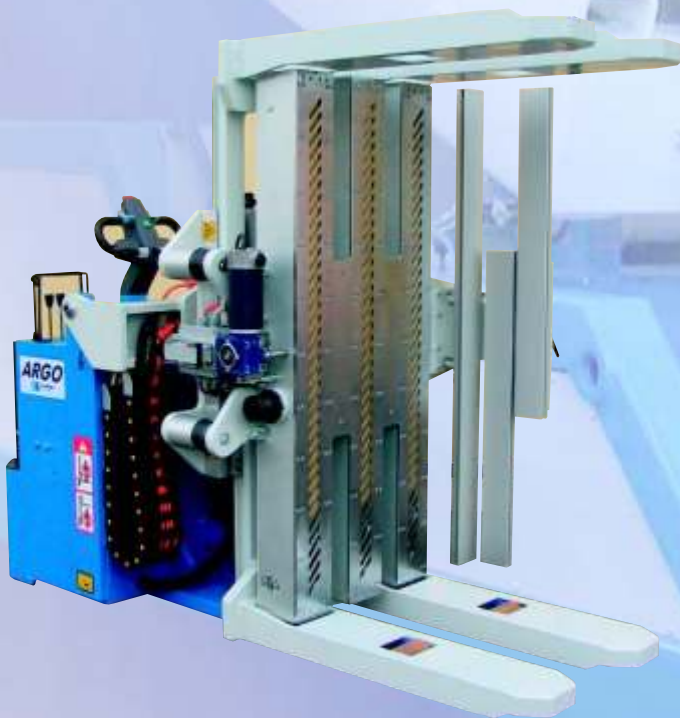

Pile turners manufactured by Carpidraulic.

ARGO

Safe and reliable pile turners to handle paper, cardboard and PVC.

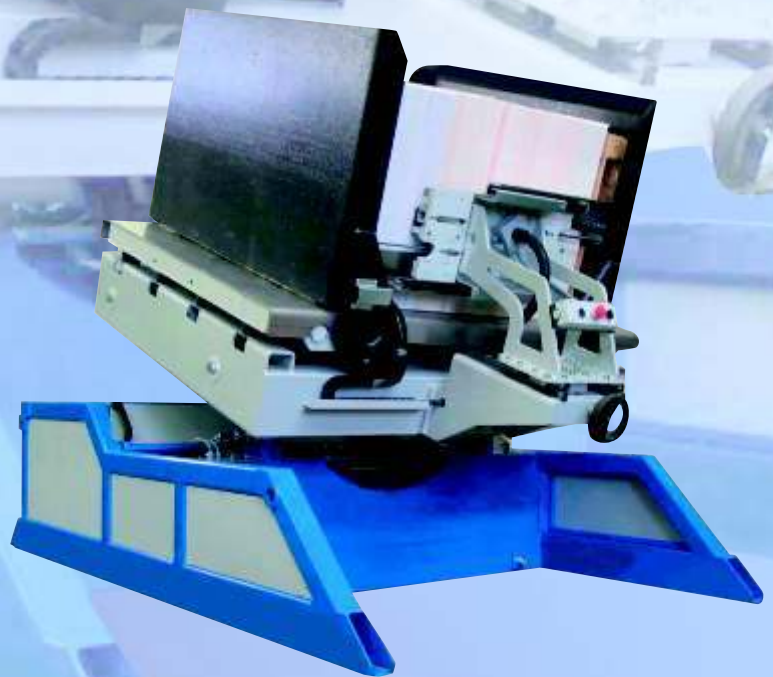

Designed to increase efficiency and quality and to cut down costs.

ARGO – the mobile pile turner transports and turns pallets, available with air and vibration.

The clever design of these machines allows them to move around the pressroom and finishing department. Available to suit most paper sizes.

GHIBLI – the fully automatic pile turner with air and vibration is specially designed for heavy duty cycles.

These machines are designed to a very high standard and have full range of automatic programmes to suit most application. Special designs and logistic packages are available.

Contact our Sales Department for a machine to suit your specification at a very competitive price.
