The easy way to handle Rolls of Paper/Film & other Materials

Roll Handling equipment manufactured by Carpidraulic.

***Safe and Reliable
mobile Roll handling equipment
to manoeuvre reels of paper, labels, film etc.***

**Designed to increase efficiency
and quality and to cut down costs.**

**ASPO-the mobile roll Handling Solution
to manoeuvre reels via an expanding mandrel
placed in the centre core of the reel**

**ROTOWEB-another handling device
to manoeuvre reels via expanding
clamps on the outside of the roll**

**The clever design of these machines
allows them to move around the factory
taking reels of product from a vertical
to horizontal position by the touch
of a button**

**These machines are designed to
manoeuvre heavy reels with ease
around the factory, and are more
compact than a fork lift truck.**

Contact our Sales Department for a machine to suit your specification at a very competitive price.
