

## What can we do for you?

As a contractor we can advise and problem solve proposing the right solutions for your roofing needs. We offer roofing, cladding and coating services as follows;

### Roofing;

#### Flat roofing

- Felt systems
- Liquid systems
- Single ply systems

#### Pitch roofing

- Composite panels
- Built up Steel sheet and liner systems
- Standing seam – modular and traditional systems
- Slating & tiling

#### Ancillary works

- New decking – timber and steel
- Roof-lights
- Rainwater goods and fascia/soffit work – PVC and metal
- Lead work

### Cladding;

- Composite panels
- Built up sheeting systems
- Bespoke panel systems

### Coating;

Along with roof coating solutions we also offer;

- Liquid coating systems applied to render finishes
- Liquid coatings designed for balcony and car park surfaces

### Surveying;

- Extensive survey reports and quotations
- Thermo graphic imaging
- Leak testing
- Dilapidation reports
- Maintenance budgets

### Guarantees

We work closely with all leading manufacturers and can offer a range of guarantees from 10 to 30 years with single point backing subject to specification.
