

Finish 250/270

Airless spraying equipment

- Proven diaphragm technology
- Compact and flexible
- Versatile entry level units

Finish 250/270

The two entry level models for profitable painting work and small emulsion assignments in the workshop and on the building site.

Proven diaphragm technology

Reliable and long-lasting

► Areas of application:

- Painting jobs such as e.g. on doors, frames, windows and radiators
- Emulsion work in the renovation field and on smaller projects

► Materials:

- Release agents
- Priming varnishes and primers
- Fillers
- Synthetic resin lacquers
- Acrylic paints
- 2K materials
- Emulsions
- Latex paints

A pleasure:

The adjustable height telescopic handle makes for convenient transport on the building site and in the car.

Spray the **best surface finish** with the AG 08 airless gun. When it is combined with the Trade Tip 2 FineFinish nozzles you can achieve brilliant surfaces.

The inlet valve depressor ensures a high level of **operating reliability**. One push with the thumb and the valve is free.

The pressure gauge provides **precise information** on the set spraying pressure.

Finish 270

Compact and flexible

Thanks to practical details

The hinged handle on the Finish 270 allows **vertical** or **horizontal** operation.

Practical when working direct from the packaging or the top reservoir.

The pressure can be **smoothly regulated** from 0 to 250 bar.

- ▶ **Optimal all-rounder**
- ▶ **Ideal for painting and emulsions work**

- ▶ **Versatile**

The F 270 can be used either with a top reservoir or with rigid intake system - ideal for the application of small quantities and also for working directly from the original packaging.

- ▶ **Proven technology**

The patented diaphragm technology from Wagner has been perfectly matched to the power class.

- ▶ **Robust**

Thanks to its compact build it is also ideally suitable for exacting use on the building site.

Technical data

Finish 270

Motor rating	1.3 kW (230 V)
Max. pressure	250 bar
Weight	29 kg
Max. delivery (120 bar)	2.9 l / min
Max. nozzle size	0.021"

Finish 250

- ▶ Small compact diaphragm pump
- ▶ Perfect for all painting jobs with the Airless- or AirCoat process

▶ **Compact**

Thanks to its compact dimensions the F 250 is easily transported and ideal for any workshop or building site application.

▶ **Easy handling**

Equipped with user friendly details the F 250 is simple and convenient to operate.

▶ **Excellent paintwork**

Optimally matched to Wagner accessories for brilliant surfaces.

Technical data	Finish 250
Motor rating	1.1 kW (230 V)
Max. pressure	250 bar
Weight	27 kg
Max. delivery (120 bar)	2.2 l / min
Max. nozzle size	0.19"

Versatile entry level units
for painting and emulsion work

Finish 250 Airless - Paint

Spraypack:

Basic unit Finish 250 on cart
 + 5 litre top reservoir
 + HP hose DN3, NPS 1/4"; 7.5 m
 + Airless AG 08 gun, 2-finger trigger,
 incl. TradeTip 2 nozzle holder
 + TradeTip 2 FineFinish nozzle 410

Order Ref. No. 0252 062

Finish 250 AirCoat - Paint

Spraypack:

Basic unit Finish 250 on cart
 + 5 litre top reservoir
 + HP twin hose DN3; 1/4" 7.5 m
 + Adapter I =1/4" A=M16x1.5
 + AirCoat gun AC4600P with blue air cap
 and holder
 + ACF 3000 11/40 nozzle
 + AirCoat regulator fitting kit

Order Ref. No. 0252 063

Finish 270 Airless - Paint

Spraypack:

Basic unit Finish 270 on cart
 + 5 litre top reservoir
 + HP hose DN3, NPS 1/4"; 7.5 m
 + Airless AG 08 gun, 2-finger trigger,
 incl. TradeTip 2 nozzle holder
 + TradeTip 2 FineFinish nozzle 410

Order Ref. No. 0252 042

Finish 270 Airless - Emulsion

Spraypack:

Basic unit Finish 270 on cart
 + HP hose DN6, NPS 1/4"; 15 m
 + Airless AG 08 gun, incl.
 TradeTip 2 nozzle holder
 + TradeTip 2 419 nozzle
 + intake system complete QuickClean

Order Ref. No. 0252 041

Finish 270 AirCoat - Paint

Spraypack:

Basic unit Finish 270 on cart
 + 5 litre top reservoir
 + HP twin hose DN3; 1/4" 7.5 m
 + Adapter I =1/4" A=M16x1.5
 + AirCoat gun AC4600P with blue air cap
 and holder
 + ACF 3000 11/40 nozzle
 + AirCoat regulator fitting kit

Order Ref. No. 0252 043

Finish Accessories

Hoses

9984 583 HP hose DN3, NPS 1/4"; 7.5 m
 9984 573 HP hose DN4, NPS 1/4"; 7.5 m
 9984 574 HP hose DN6, NPS 1/4"; 15 m

Guns

0296 388 Airless gun AG 08, F-thread, 1/4"
 incl. TradeTip 2 nozzle holder
 0296 465 Airless gun AG 08 with 2-finger trigger,
 F-thread, 1/4" incl. TradeTip 2 nozzle holder

Nozzles

For an optimal match to the object the Trade Tip 2 nozzles provide a wide spectrum of use and are available in different types and sizes. The Trade Tip 2 Fine Finish nozzle is especially for particularly high quality surfaces.

Nozzle cleaning

0097 108 TipClean container incl. special cleaning
 0097 110 TipClean special cleaner, 1 litre

Quality-offensive!

With each newly purchased professional paint spraying unit you will get a 3 year manufacturer's guarantee from WAGNER. This is unique in the industry. Ensure two additional years of guarantee with your Online registration. Because: We are convinced of our professional quality.
