

Plaster spraying unit

Practical, compact plaster spraying system

## PlastCoat PC 830

The PC 830 is a new, compact plaster spraying unit for all textured plasters with a grain size up to 3 mm, fillers and EIFS adhesives.

Quality-  
Offensive!

Subject to modifications

- **Powerful**  
A performance capability of 0-12 l/min and ability to handle materials with a grain size up to 3 mm make the PC 830 the perfect partner on the building site.
- **Advanced engine technology**  
The new powerful servo motor achieves high torques and ensures good performance.
- **Compact**  
Thanks to its easily dismantled construction and compact dimensions it is easy to transport. Therefore the PC is suitable for use in the small commercial sector as well as for large projects.

## PlastCoat 830

The plastic container is made of high quality PD-HD plastic. Thus it has a low weight, is easy to clean, flexible, **weatherproof** and **resistant to ageing**.

Its **compact** dimensions and the semi-pneumatic tires make the PC 830 an ideal building site unit for indoors and out.

The **sturdy table** is used to deposit bags of filler. That way the material container can be filled conveniently and easily.

The powerful **servo motor** achieves high torques and ensures good performance.

Simple and fast separation of pump and suction system thanks to the **automatic stator extraction**. This creates the conditions for fast assembly and easy cleaning.

### PC 830 E Spraypack

PlastCoat 830 E basic unit  
+ Mortar hose DN25, 10 m  
+ Spraying lance, automatic  
+ Pump lubricant

Order Ref. No. 2308 305

### PC 830 P Spraypack

PlastCoat 830 P basic unit  
+ Mortar hose DN25, 10 m  
+ Spraying lance, pneumatic  
+ Pump lubricant

Order Ref. No. 2308 306

Technical data	PlastCoat 830
Motor output	1.8 kW
Voltage	230 V / 50 Hz
Max. delivery rate	12 l/min
Max. delivery radius	30 m
Delivery head	20 m
Weight	42 kg
Max. grain size	3 mm
Operating pressure	max. 40 bar

## PlastCoat 830 accessories

### Special accessories for automatic variant

- 0348 241 Spraying lance, automatic
- 0342 216 Texture nozzle set, stainless steel, 4/6/8/10/12/15 mm
- 2311 692 Control cable cpl. 11 m for automatic spraying lance

### Special accessories for pneumatic variant

- 2310 475 Spraying lance, automatic
- 9264 140 Pneumatic nozzle, 3 mm, blue
- 9264 141 Pneumatic nozzle, 4 mm, red
- 9264 142 Pneumatic nozzle, 5 mm, yellow
- 9264 143 Pneumatic nozzle, 6 mm, black
- 9264 144 Pneumatic nozzle, 7 mm, green

### Mortar hoses incl. air hos

- 0342 738 Mortar hose complete DN19, V27, 2 m
- 0342 736 Mortar hose complete DN19, V27, 10 m
- 2311 632 Mortar hose complete DN25, V27, 10 m
- 0342 737 Mortar hose complete DN27, V27, 10 m

### Remote operation with extension cable

- 2311 688 Extension cable 15 m for remote operation
- 2308 417 Remote operation
