

PROTECTING THE BUILT ENVIRONMENT

## CHANNELWOOD BORACOL 20RH

Channelwood Boracol 20RH is a ready for use wood preservative containing Disodium octaborate tetrahydrate (DOT) and benzalkonium chloride in a special blend of glycols.

Boracol is a registered trademark. Boracol 20RH is a patented product in the United Kingdom.

### SPECIAL FEATURES

- Wide spectrum of activity against decay fungi and insects
- Deep penetration into dry sapwood and heartwood. Initial penetration into wood may be up to 5mm where a reserve is established from which further penetration may take place (independent tests show 40mm penetration achieved 2 years after initial surface application).
- Low VOC (Volatile Organic Content)
- Practically odourless and non-staining
- Non flammable

### **SURFACE PREPARATION**

1. Clean all wooden surfaces using a brush or vacuum.
2. Surfaces should be free from oils and grease
2. Cover electrical installations, water tanks, stored goods and isolate adjacent areas not requiring treatment.
3. Lift floorboards as required and clean out debris.

## APPLICATION

1. Treat all accessible areas with **Boracol 20RH** by brush or coarse spray.
2. Under normal circumstances one coat will be sufficient but ensure that all accessible wood surfaces are thoroughly wetted out.
3. Any surfaces that absorb the **Boracol 20RH** rapidly should be sprayed again at the time.
4. Apply a second coat after one to eight hours where there is severe fungal attack or the presence of House Longhorn beetle (*Hylotrupes bajulus*).
5. **Boracol 20RH** can be used for dipping applications.

## COVERAGE

(for general guidance only due wide variations in the porosity of timbers)

### Rough sawn timber

By Brush : 1 litre to 6 - 8 m<sup>2</sup>  
By Coarse Spray : 1 litre to 4 - 6 m<sup>2</sup>

### Smooth prepared timber

By Brush : 1 litre to 8 - 10m<sup>2</sup>  
By Coarse Spray : 1 litre to 6 - 8 m<sup>2</sup>

## PACKAGING

5L and 25L HDPE containers

## HEALTH AND SAFETY

The product is registered under the HSE COPR 1986 Regulations for use as directed (HSE No. 4019). Refer to Safety Data Sheet (SDS) for the product. Keep away from children.

Information given is in good faith based on experience and usage, however all recommendations are made without warranty or guarantee, since the conditions of use are beyond our control. All goods are sold in accordance with our Conditions of Sale, copies of which are available on request. Customers are advised that products, techniques and codes of practice are under constant review and changes occur without notice, please ensure you have the latest updated information.
