

Why buy Contact coil support sleeves ?

No Quibble Guarantee:

If you are dissatisfied in any way with your Contact coil supports sleeves performance, return it to us, and we will refund you in full.

Tested & Certificated:

All Contact's forklift coil support sleeves are 'CE' marked, fully tested and come supplied with Certificates of Conformity for compliance with Health & Safety regulations.

Reduce Manual Handling:

Designed for handling rolled products, Contact's coil support sleeves, with their domed top surface, minimises damage to the product being handled whilst helps increase productivity and reducing manual handling costs.

Tailor Made:

To ensure the coil support sleeve fits and suits the rolled product that is being handled. Contact's forklift coil support sleeves are tailor made for 100% compatibility.

Quick Forklift Fitment:

With the forklift truck being used for a multitude of tasks, Contact's coil support sleeves are quickly and easily fitted to the forks of the lift truck with minimal downtime required.

Secure Fitting:

To ensure the coil support sleeve is safety secured to the forklift forks, Contact's coil support sleeves all come fitted with heel pin retention, locking the fork sleeves to the rear of the fork.

We hope the above helps demonstrate the quality and safety aspects of Contact's coil support sleeves, and we welcome the opportunity to supply you with a high quality coil sleeve attachment to assist your roll handling requirements
