*We Take the Pain  
Out of Packing!*

# Our Solutions to Address Your Concerns

---

## Quality Control

Our Production Team conduct regular inspections to maintain consistency and accuracy, to ensure that your products are produced to the highest standard.

## Customer Journey

Our Customer Experience Manager and dedicated team members keep your project on track. They closely communicate with our esteemed customers.

## Flexibility / Scalability

We are highly adaptable to customer needs. Our agile approach allows us to adjust production schedules, allocate resources efficiently, and meet tight deadlines.

# Why Wepack?

## Reliable and Trusted

We have more than 30 years of providing reliable co-packing service to business worldwide.

## Quality Control

We are accredited with BRCGS, Soil Association Organic, FDA and ISO9001, to ensure quality services.

## Good Value of Money

We provide customised solutions and quality services at a competitive price.

## State-of-art Facilities

By upgrading our machinery and facilities, we aim to optimise our production line and improve efficiency.

## Word of Mouth

More than 70% of our business comes from repeat customers. They are happy to refer Wepack to other companies.

## One Stop Solution

We offer packaging design and advice on artwork to ensure your products are visually appealing and nicely displayed on the shelf.

# Sustainable and Eco-friendly

## Renewable Energy

Wepack has been equipped with cutting-edge solar panels that enables us to generate our own electricity and become self-sufficient during daytime operations.

## Waste Management

Wepack implement waste management, where all waste including cardboard, polythene, and mixed recyclables, are carefully separated and recycled. By doing so, we minimise the amount of general waste produced.

## Eco-friendly Packaging

Wepack is keen to reduce carbon footprint in our packing offering. We work with suppliers to offer eco-friendly packaging options.
