

Case Study

Project: Somerville Primary School
Product/System: Kingspan 1000TD & Trocal Single Ply
Size/Value: 400m²

Phase 1 of 3 to improve facilities at Somerville Primary School.

Gables UK Ltd were contracted to install the Kingspan 1000TD, a composite panel system to the newly built hall and kitchen, working with other trades to ensure deadlines were met and on budget, further works are programmed for later this year to other roof areas.

Trocal single ply cap sheet installed to provide a 20 year waterproofing system.
