

BONZER[®]

BAR BOOK

PROFESSIONAL BARWARE SINCE 1928

FOUR GENERATIONS OF THE BONZER® BRAND

Mitchell & Cooper's tale is one that dates back 137 years to 1879, when Mitchell & Cooper were Silversmiths and Engravers. However, sadly Mitchell passed away only one year after the company was established leaving Mr Cooper to continue the good work. The company continued as a Silversmiths and Engravers for a number of years until the war took hold during which it was forced to change its path. It evolved and transformed through many guises during the early days, evolving its product ranges with the times, including trench periscopes and aeroplane parts for the war. Then later in the 1920's establishing its very own brand Bonzer® and crafting its path into the catering and cocktail world.

It was during the 1930's and with a history in silverware and design, that Bonzer® saw an opportunity to try

their hand at making cocktail equipment. And with the great successes of the first items off the production run, such as one of the original Hawthorne Strainers, Thimble Measures, Bar Spoons and Cocktail Shakers the brand was established and had made its mark on the industry.

A number of years on and with a heritage to be proud of we have revisited some of the classic tools. We have taken on board the very much appreciated comments from professionals along the way and evolved some of the designs & look and feel to give that classic Heritage quality and value. Not forgetting that ever important design that you just can't live without.

BRITISH | QUALITY

FOUR GENERATIONS | FOR A LIFETIME

QUALITY

Compromise is not an option with Bonzer®. We do not compromise on our quality so why should you.

Buying Bonzer® you invest in quality.

STYLE

The experience that makes you sit up and want more is not only associated to the drinks that you choose but the tools that Bonzer® creates.

Buying Bonzer® you choose timeless style.

HERITAGE

Four generations of Coopers and a heritage to be proud of.

Buying Bonzer® you buy into a piece of our heritage.

THE NEW WAVE

Building on the brand's heritage we are proud to introduce the newest addition to our cocktail tools offering - The Heritage Strainers Range. Comprising of 4 tools - Hawthorne Strainer, Sprung Julep, Julep Strainer and Fine Strainer the tools offer a complete and highly versatile solution.

THE HERITAGE STRAINERS RANGE - STAINLESS STEEL

Crafted from stainless steel, the tools lend themselves perfectly to everyday use. These robust tools will become a staple in your bar. Their functional, stylish and reliable design is bound to make preparation of cocktails a breeze.

THE HERITAGE STRAINERS RANGE - SILVER PLATED

Let the luxurious high-shine finish cocktail tools add a dose of old-fashioned glamour to your bar. Why not fuse style with practicality and invest in a collection which will last for generations.

THE HERITAGE STRAINERS RANGE - GOLD PLATED

The statement finish - the striking cocktail tools are a decadent investment to be treasured for a lifetime. Set yourself apart from the crowd with the gold plated collection - a symbol of luxury and elegance.

THE HERITAGE STRAINERS RANGE - COPPER PLATED

Showcase your skills with this copper plated Heritage Cocktail Strainers Suite - an ideal finish for a trend conscious bartender. Let the stylish tools be a conversation starter and a chic accent in your bar.

GAIN

THE UPPER HAND

FEATURES & BENEFITS

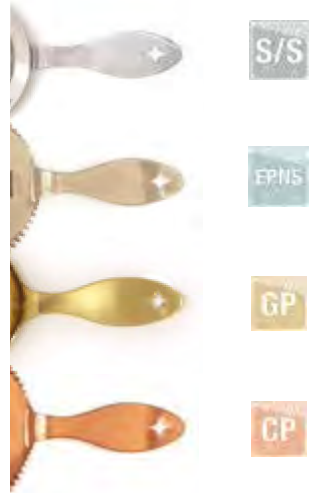

1. QUALITY & STYLE

The strainers form a cohesive range, balanced in its style and form, providing a solution complete for all the straining methods used in modern bartending.

The Bonzer® stamp offers assurance of quality and authenticity.

2. FOUR FINISHES

Made from 304 stainless steel, the tools have been designed to serve you for a lifetime. As well as the standard stainless steel finish, the range is available in silver, gold and copper plate for the added touch of luxury.

3.

FUNCTIONALITY & ERGONOMICS

All of the strainers feature the curved handle which is aligned for optimum comfort of use. The handle fits perfectly in hand, whatever your preferred style of straining is.

The wrap around spring keeps the Heritage Hawthorne and Sprung Julep firmly in place, adding a sense of security and preventing the annoying bits of ice spilling past the side of the tin. Antique style of the spring with a thicker coil offers a more rigid fit.

4.

BRANDING

Ample amount of prominent branding surface can provide the extra exposure for your brand. Uniformed design enables consistent placement of logos enhancing the brand presence.

5.

THE COMPLETE SET

Four perfectly balanced heritage inspired strainers that fuse elegant style and functionality. These strainers will allow you to retain consistency and quality of your cocktail menu at all times.

6.

PACKAGING

Available in retail packaging, as a set of four or single items.

cohesive collection.
Presenting four cocktails
crafted by four great brands
with a taste for quality
and style.*

BONZER[®]

THE CAMDEN

by Mark Holdsworth from Half Hitch

INGREDIENTS:

- ✓ 50ml Half Hitch Gin
- ✓ 10ml Dry Vermouth
- ✓ 10ml Sweet Vermouth
- ✓ Maraschino Liqueur
- ✓ 25ml Fresh orange juice

METHOD:

Pour all ingredients into shaker over some ice and shake well. Double strain the drink and serve in a pre-chilled Coupe Glass. A twist on the classic Gin & Juice cocktail from the Bronx 1906, NYC"

BONZER[®]

NEGRONI

by Alex Wolpert from East London Liquor Company

INGREDIENTS:

- ✓ 45ml ELLC Premium No.1 Gin
- ✓ 45ml Campari
- ✓ 45ml Vermouth
- ✓ Orange peel to garnish
- ✓ Ice

METHOD:

Stir all ingredients over ice and serve into a rocks glass filled with ice. Garnish with orange zest.

BONZER[®]

BRIT SPRITZ

by Alex Kammerling from Kamm & Sons

INGREDIENTS:

- ✓ 35ml Kamm & Sons
- ✓ 15ml Elderflower cordial
- ✓ 50ml Sparkling wine
- ✓ 50ml Soda water
- ✓ Garnish with cucumber slice & grapefruit wedge

METHOD:

Build over cubed ice and serve in a stemless wine glass.

BONZER®

VESTAL MALANOFSKY

by William Borrell from Vestal Vodka

INGREDIENTS:

- ✓ 35ml Vestal Pomorze 2013
- ✓ 20ml Aperol
- ✓ 20ml Belsazar Red Vermouth
- ✓ 5 Drops Grapefruit bitters
- ✓ 3 Drops angostoura bitters
- ✓ 2 Drops celery shrub bitters
- ✓ 5ml Agave syrup

METHOD:

Stir, strain and serve with rough orange garnish.

ICE MOULDS

ICE BALL MOULD

Prepare refreshingly chilled and creative drinks with the spherical ice cubes. Keep them plain or give them a personal touch with flavours or colours. Fill them with fruit, flowers, or spices. Ice balls measure $\text{\O}60\text{mm}$ and are easy to remove and with perfect finish.

PART NO. BSBQ0618

CLASSIC

INDUSTRY'S FAVOURITE

The Classic Bonzer[®] Bar Strainers have been considered the industry standard for generations. Ever since the tools debut in the 1950's with their starring role on Concorde, Bonzer[®] has been a staple in bars across the world.

C

CLASSIC RANGE COCKTAIL STRAINERS

*Single or Double?
Wide or Fine strain?*

Many professionals often come up with imaginative ways to use their tools and/or the components to make their job easier or more unique to their serve.

So if one spring isn't enough then speak to us. Why not request additional springs to double up?

The quick and easy solution to a finer strain using the kit you already have.

Or speak to us about providing the double spring solution with no extra fuss to you.

**THE HERITAGE

ROTAMEASURE

Traditionally invented for the Whisky Trade. Encouraging bartenders to never spill a drop of the precious liquid and ensuring that the customer savours every last sip of their chosen drink.

The clever twist and tip motion of the rock n roll measure not only saves the precious liquid from going awry but acts as an easy serve option for the less steady of hands.

The quality manufacture of the Bonzer[®] product ensures perfect balance and is available in standard 25ml, 35ml, 35.5 ml and 50ml stainless steel options. All CE stamped except 50ml.

Branding and bespoke designs are available upon request along with alternative finishes.

BONZER® ROTAMEASURE

Spirit measure for use directly on the glass.
UK weights and measures approved.
A good option when serving expensive
whiskies or other premium spirits.
