

3D Projecting Signs

- 3-dimensional alternative to Flange Signs, for even greater impact
- Vibrant screen printed graphics
- Extremely cost-effective on high volumes (one-off tooling charge applies)
- Injection moulded 3D elements supported on a **steel/aluminium bracket/frame**
- Illuminated projecting signs available made to order (minimum order quantity: 100)

Made to order
Minimum order quantity: 500
(subject to sight of design)

Recyclable
ASA/polyethylene mouldings and
steel/aluminium bracket/frame

Note: to allow for design/
approval process, and Far
East manufacture, lead
times are typically 14 -16
weeks from order

Standard Flag Kit

For wall mounting

- Tapered socket ensures excellent pole grip and prevents loss of flags in windy conditions
- Suitable for screw fixing to walls
- Kit includes **polypropylene bracket**, PVC pole, finial and collar
- Plain 'Display Flags' held in stock (750gsm **reinforced light block PVC**) – ideal for vinyl application and available printed to order
- Custom shaped flags also available (see page 85 for details)
