CUMPLIENDO ILUSIONES MAKING HOPES REAL FAIRE DES ILLUSIONS UNE RÉALITÉ

JORDI SOLERDELCELL, DIRECTOR GERENTE DE PAHI

2

Echo una mirada atrás, hasta 1975, y veo un pequeño taller artesano donde carpinteros, herreros y tapiceros dan forma a sillas, sillones, lavacabezas... Rememoro aquella época y visualizo los primeros ordenadores, la Fiebre del Sábado Noche, el impresionante peinado de Farrah Fawcett, los pantalones acampanados...

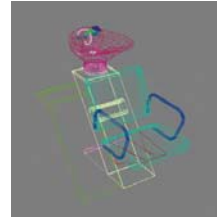

Han pasado más de 35 años. Internet, la comunicación on line, las redes sociales, el e-comercio y la globalización han revolucionado el mundo. PAHI ha pasado de ser un pequeño taller a uno de los principales fabricantes de Europa, sirviendo a un mercado que ya es el mundo. Y sin embargo, hay una cosa que no ha cambiado en PAHI: nuestros carpinteros y tapiceros siguen trabajando artesanalmente en muebles que pensamos, diseñamos y producimos íntegramente nosotros. Y esto sigue inamovible porque también sigue inamovible lo que nos motiva: la tremenda ilusión que los profesionales de la peluquería ponen en montar, ampliar o renovar sus establecimientos. Las peluquerías siguen siendo lugares donde se depositan un montón de sueños, proyectos, ilusiones... Esas ilusiones son nuestro combustible, no podemos defraudarlas de ningún modo. Por eso seguimos fieles a nuestro origen y a nuestra pasión: fabricar mobiliario. Porque sólo siendo fabricantes podemos garantizar la calidad de nuestros productos, innovar en diseños y en materiales, singularizar nuestros muebles, responder de forma directa y personal... Para nosotros, es la única forma posible de ayudar a nuestros clientes a cumplir sus ilusiones. De ahí los lemas que han alumbrado este catálogo: INSPAHIRATION y "Made by PAHI". Inspirar nuevas ilusiones y cumplirlas con toda la calidad, la honestidad y el oficio de un fabricante de siempre.

I look back, to 1975, and see a small workshop where carpenters, blacksmiths and upholsterers are handcrafting chairs, armchairs, backwash basins... I recall those days: the first computers, Saturday Night Fever, Farrah Fawcett's fab hair, bell-bottom trousers...

That was 35 years ago. Internet, online communication, social networks, e-commerce and globalisation have revolutionised the world. PAHI has gone from a small workshop to one of Europe's largest manufacturers, serving a market that now covers the planet. And yet there's one thing that hasn't changed: PAHI carpenters and upholsterers still do things by hand, making furniture that we conceive, design and produce exclusively. And that's the same because our motivation is the same: the thrill that hairdressing professionals get from setting up, expanding and renovating their salons. Hairdressing salons are still places where people pin their hopes, dreams and schemes. Those hopes keep us going, we can't let them down. That's why we stay true to our origins and our passion: manufacturing furniture. Because it's only by being manufacturers that we can guarantee the quality of our products, innovating our designs and materials, making our furniture unique, and providing a direct, personal response. For us, it's the only way to help our customers make their hopes a reality. That's where the slogans in this catalogue come from: INSPAHIRATION and Made by PAHI. Inspiring new hopes and making them real with all the quality, honesty and skill of a traditional manufacturer.

Lorsque je regarde en arrière, en 1975, je vois un petit atelier artisanal où des menuisiers, des forgerons, des tapissiers donnent vie à des chaises, des fauteuils, des bacs de lavage... Je me souviens de cette époque et je vois les premiers ordinateurs, la Fiebre du Samedi Soir, le brushing impressionnant de Farrah Fawcett, les pantalons à pattes d'éléphant...

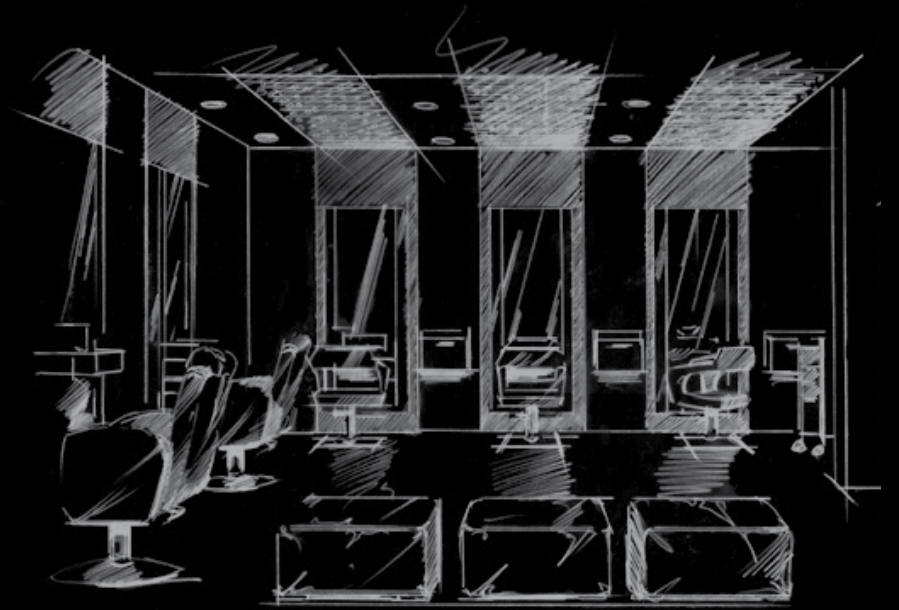

Plus de 35 ans se sont écoulés depuis. Internet, la communication en ligne, les réseaux sociaux, l'e-commerce et la mondialisation ont révolutionné le monde. PAHI est passé d'un petit atelier à l'un des principaux fabricants européens, desservant un marché qui couvre déjà le monde entier. Et pourtant, il y a une chose qui n'a pas changé chez PAHI : nos menuisiers et nos tapissiers travaillent toujours de façon artisanale sur des meubles que nous concevons et produisons intégralement nous-mêmes. Ceci reste inaltérable car ce qui nous motive demeure également inaltérable: l'immense illusion que les professionnels de la coiffure mettent dans la création, l'agrandissement ou la rénovation de leurs établissements. Les salons de coiffure sont toujours des lieux chargés d'une foule de rêves, de projets et d'illusions... Ces illusions sont notre carburant, nous ne pouvons en aucun cas les décevoir. C'est la raison pour laquelle nous restons fidèles à nos origines et à notre passion : fabriquer du mobilier. Car c'est uniquement en étant nous-mêmes fabricants que nous pouvons garantir la qualité de nos produits, innover et personnaliser nos meubles, répondre de façon directe et personnelle... Pour nous, c'est la seule façon d'aider nos clients à faire de leurs illusions une réalité. Ainsi sont nés les slogans de ce catalogue : INSPAHIRATION et « Made by PAHI ». Inspirer de nouvelles illusions et les rendre réelles avec toute la qualité, l'honnêteté et le métier d'un fabricant de toujours.
