

HAVmates

Incredibly simple and easy to use!

- Requires no wires or battery.
- Fits directly onto tool or equipment.
- Comes complete with adhesive pad for fixing.
- Measures actual use or total time used.
- Service life up to five years.
- Available in traffic light colours.
- Has both high and low sensitivity settings.

Incredibly simple and easy to use these HAVmates are robust and fill the gap for companies wanting something less expensive.

The meter records and displays the actual time used by the operator. When used as part of Earlsmere's logbook system gives accurate recording for each employee to ensure correct monitoring.

Only

£29.99 each (+VAT)

Tool testing and meter fixing service available.
