Weight	5.1 Kgs
Operation	Hand operated
Mounting	Bench or wall mounted
Options	T-wire for seal-cut-seal, Round wire for cut-and-seal, Rollers and brackets for layflat tubing

---

General purpose bench or wall mounted impulse sealer. Instant seals without warm-up, but capable of high volume production work. The parallel open ended sealing jaws allow occasional larger bags to be sealed by repositioning the bag along the element. This machine is simple to maintain with consumable spares being easy to fit and available from stock.
