Options	6mm wide seal, T-wire for seat-cut-seal, Round wire for cut-and seal, Rollers and Brackets for layflat tubing

General purpose semi-automatic solenoid operated machines with many applications. Used extensively by hospitals, laboratories, retailers, engineering and other industries. Simple bench mounting. This DS model has a dual electronic timer for complete control of the heating and cooling cycle. It is controlled via a one touch pad switch that can be operated by your foot or in your hand. This machine is simple to maintain with consumable spares being easy to fit and available from stock.
