

MADE IN GERMANY

Vacuum Cleaners

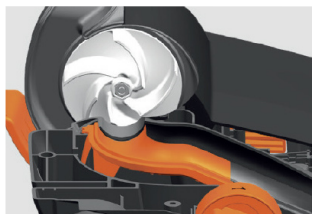

Alliance
value | service | expertise

Durability and performance in a high quality cordless vacuum cleaner.

No sockets, no problem – the BP60 is ideal for cleaning non-stop, without needing to plug and unplug.

The 4-layer microfibre bag has such high filtration that no other filter is required. The highly efficient toothed timing belts are fully protected by an auto-shut-off system. The battery and motor are located at the base of the machine, so the BP60 has a very low handle weight for comfortable use.

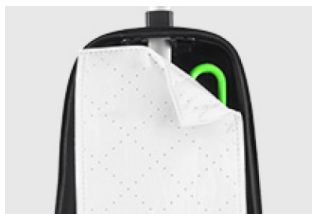

Efficient Impeller Technology
Up to 17,000 rpm is driven by a timing belt that sucks in the dirt picked-up through to the filter bag.

Powerful Battery
Extremely long runtime of 60 minutes under full workload with a charging time of only 250 minutes.

Safety Features
In the event of a blockage, the unit switches off automatically and the brush lifts to protect the floor.

Multi-layer Microfibre Bag
The SEBO BP60 has a sealable four-layer electret filter bag with ultra-fine microfiltration which is 5.5 litres.

Practical Cleaning Access
The cleaning flap on the bottom of the power head allows access into the air channel to remove blockages.

Removable Brush Roller
The roller can easily be removed, without tools, for replacement or to remove tangled hairs and fibres.

Product Information	
● Running Time: 60 Minutes	● Filter Bag: 5.5L 4-Layer
● Charging Time: 250 Minutes	● Cleaning Width: 31cm
● Motor Power: 300W	● Weight: 5.8kg/8.15kg

BP60

Proven design and performance with low energy consumption.

The new SEBO BS360 upright vacuum cleaner continues the long and successful SEBO tradition of twin-motor upright vacuum cleaners. Proven features like the COMFORT power head and the suction wand with telescopic tube combine with enhanced filtration, ready for the requirements of the second stage of the European Ecodesign Directive for vacuum cleaners.

Works When Flat

The BS360 can work when completely flat. With their low-profile design, they make it easy to clean under furniture.

Innovative Power Head

Electronic height adjustment which protects the motor and belt.

Blockage Clearing Access

Flap on the bottom enables access to remove obstructions.

Three Stage Filtration

A HEPA exhaust filter gives "A" rated filtration.

Product Information & Features

- Twin Motor – Suction & Brush
- 875W Power
- Changeable Brush Strip
- Cleans When Flat
- Integrated Hose & Wand
- Bag Full Warning Light
- Trap Door For Blockage Cleaning
- Timing Belt Electronic Protection
- Housing of Strong ABS
- Electronic Brush Height Guidance
