

FIBRESTAR DRUMS

The UK's largest producer of environmentally sustainable fibre drums and packaging solutions

FIBREPAK

The re-sealable all-fibre drum answering the increasing need for recyclable packaging

- Currently available in 375mm and 470mm diameters, the Fibrepak drum can be customised to your specific requirements.
- Fibrepak can be easily separated and recycled through conventional waste streams, without mechanical assistance.
- Full UN approval to Packaging Groups II and III (solids).
- Re-useable, re-cyclable and thermally recoverable.
- Volume range up to 170 litres.
- Optional base ring for increased strength
- Produced from Kraft, sourced from sustainably managed forests.
- 100% recyclable, complying with the EU Packaging and Packaging Waste Directive.
- Re-sealable and tamper evident.

Recyclable, disposable, easily separated FIBREPAK

Lever action closure band enables drum to be resealed easily.

Plastic lid for ease of recycling.

Tamper evident seals for securing closure handle.

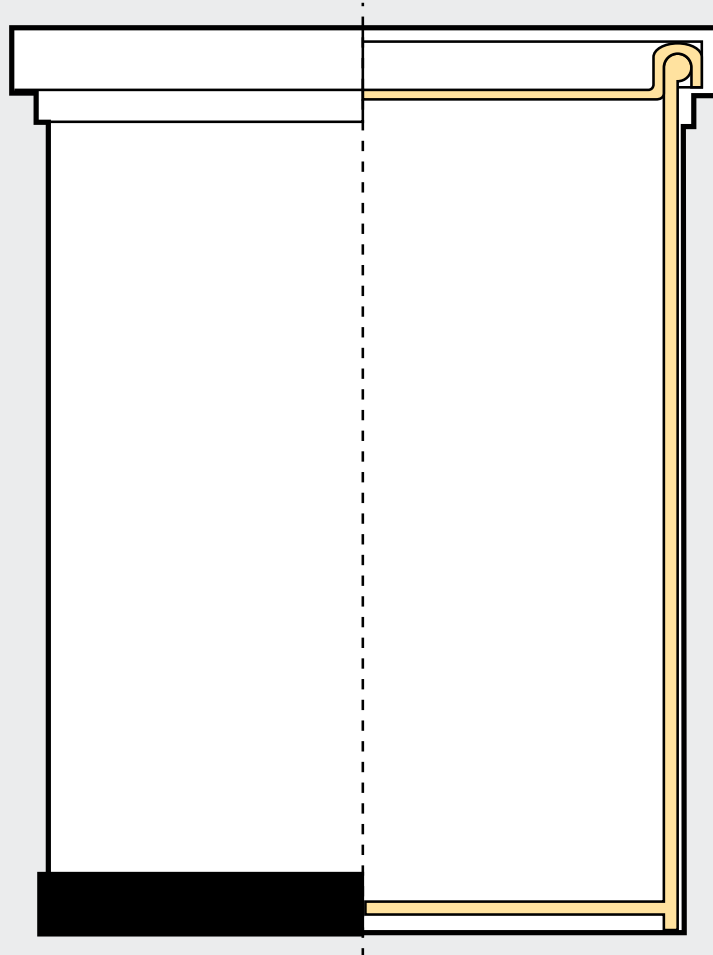

Optional external finishes to provide a moisture proof capability.

A resealable, all fibre drum, which is easy to recycle.

All the benefits of an all fibre drum, yet with resealability.

Optional plastic base ring for increased strength and performance.

By supplying drums loose, stretchwrapped or palletised, Fibrestar Drums will match your bespoke handling and delivery requirements.

Unique rolled fibre chimb - no metal.

Drum body made from 100% fibre.

Drum performance to UN packaging group II and III (solids) standards.

Available in 375mm and 470mm diameters.

Drum heights from 150mm to 1000mm

Volume range from 15 litres to 170 litres

Made to
BS EN ISO 9001:2008
quality standards

Fibrepak drums may be re-used, recycled or thermally recovered (disposal should take into account any relevant legislation)
