Indupanel Doors

INDUPANEL comes one step closer to nature. The Natura Collection offers you the opportunity to choose unique doors from characteristic and original materials and surfaces. We present our new series of designs with natural stone surfaces, which gives our collection a new sense of perception with each individual piece of stone surface acquiring different tones and textures.

Our effort and focus is to unite different materials such as aluminum, PVC together with stainless steel to make each model unique and exclusive.

The Natura Premium range is a symbol of exclusivity for each individual model, concentrating to the specific coloring and finishing.

Note: The models in this collection are limited to minor changes, conditioned by technical requirements.

INDUPANEL kommt der Natur ein Schritt näher. Die Natura Kollektion bietet Ihnen die Möglichkeit, durch die Materialien und Oberflächen, eine charakteristische und originale Tür auswählen zu können. Wir präsentieren eine neue Serie von Designs mit Natursteinoberflächen, mit der wir unseren Kollektionen einen neuen Sinn von Wahrnehmung und Takt geben. Jedes Natursteinstück ist in seiner Oberfläche im Ton und Textur einzigartig.

Wir konzentrieren uns auf die Union verschiedener Materialien wie Aluminium, PVC zusammen mit Edelstahl, um jedes Modell einzigartig und exklusiv zu machen.

Die NATURA PREMIUM Modelle sind ein Symbol von Exklusivität eines jeden einzelnen Modells und eine Vereinigung von Farben und Endbearbeitung.

Anmerkung: Die Modelle dieser Kollektion sind mit geringfügigen Änderungen limitiert da sie von technischen Anforderungen konditioniert sind.

INDUPANEL

PANEL OF ALUMINIUM AND PVC
TÜRFÜLLUNGEN AUS ALUMINIUM UND PVC

With experience and innovative impulse, INDUPANEL has motivated to create a new line called Avplus - a minimalist and contemporary design, based on stainless steel with diamond glass with lineric filling.

INDUPANEL brings a new combination of materials and designs on the market with its new Avant Collection – a model manufactured with a new trend of stainless steel, aluminum, PVC and lineric.

This new technology allows the freedom of choice and combination of design and materials that enables the client the advantage of designing their own custom-made door model.

Note: The models in this collection are limited to minor changes, conditioned by technical requirements.

Die Erfahrung und der Innovative Impuls, hat INDUPANEL motiviert, eine neue Linie Avplus zu erschaffen. Minimalistisches und zeitgenössisches Design, basierend auf Edelstahl mit Diamantglas, exklusiv für diese Linie mit Lineric Füllung.

Mit der AVANT Kollektion, bringt INDUPANEL eine neue Kombination von Materialien und Designs auf den Markt. Mit einer neuen Tendenz einer Anfertigung aus: Edelstahl, Aluminium, PVC und Lineric.

Die neue Technologie erlaubt eine grosse Freiheit von Behandlung und Kombination von Design und Materialien, die unseren Kunden den Vorteil der Gestaltung ihrer eigenen Türmodelle ermöglicht.

Anmerkung: Die Modelle dieser Kollektion sind mit geringfügigen Änderungen limitiert da sie von technischen Anforderungen konditioniert sind.

INDUPANEL

PANEL OF ALUMINIUM AND PVC
TÜRFÜLLUNGEN AUS ALUMINIUM UND PVC

For those searching new innovations INDUPANEL has created Innova Plus and Innova Style. A look at this new collection is enough to tell the difference - asymmetric designs, creative forms, and the combination of original materials offers a wide range of innovative ideas for the future.

In addition, the Innova Plus series present an embedded foil decoration together with the door handle to make a striking aesthetic luminous effect. Whereas in the collection series Innova Style, the door handle made of solid steel attracts attention as its main element of decoration. All this combined with the possibility to choose between aluminum surfaces, PVC and foil coating, forms the identity of the Innova series.

A new world of creative solutions, INDUPANEL guarantees quality to each product.

Note: The models in this collection are limited to minor changes, conditioned by technical requirements.

Für all die, die nach neuen Sensationen aus sind, hat INDUPANEL die Antwort dafür: INNOVA PLUS und INNOVA STYLE. Ein einfacher Blick auf unsere neue Kollektion reicht, um den Unterschied zu erkennen: Asymmetrische Designs, brillante Formen, die Kombination und innovative Materialien machen einen breiten Innovations Vorschlag für die Zukunft.

Zusätzlich, bietet die INNOVA PLUS Serie eine eingebettete Foliendekoration zusammen mit dem Türgriff markant ästhetische Lichteffekte.

In der INNOVA Kollektion treffen wir die INNOVA STYLE Serie, in dem der Türgriff aus massivem Stahl alle Blicke anzieht, da es das Haupt Element der Dekoration ist.

All dies verbunden mit der Möglichkeit die Wahl zwischen Aluminium-Oberflächen, PVC und Folienbeschichtung, bilden die Persönlichkeit der Innova.

Eine neue Welt der kreativen und gewagtesten Lösungen die unverändert bleiben, ist die Qualität die von INDUPANEL für jedes Produkt garantiert wird.

Anmerkung: Die Modelle dieser Kollektion sind mit geringfügigen Änderungen limitiert da sie von technischen Anforderungen konditioniert sind.
